Antidepressants
Non−invasive brain stimulation
Psychostimulants
Controls
Psychological interventions
Colour = row / column RR (log scale)
RR below 1 favours row
Blue: favours row component
Red: favours column component
Not estimable / missing
Estimate and 95% CI; vertical reference: RR = 1
CI scale in each cell: 0.000156 to 6414
Raised blue: favours row; 95% CI excludes 1
Raised orange: favours column; 95% CI excludes 1
