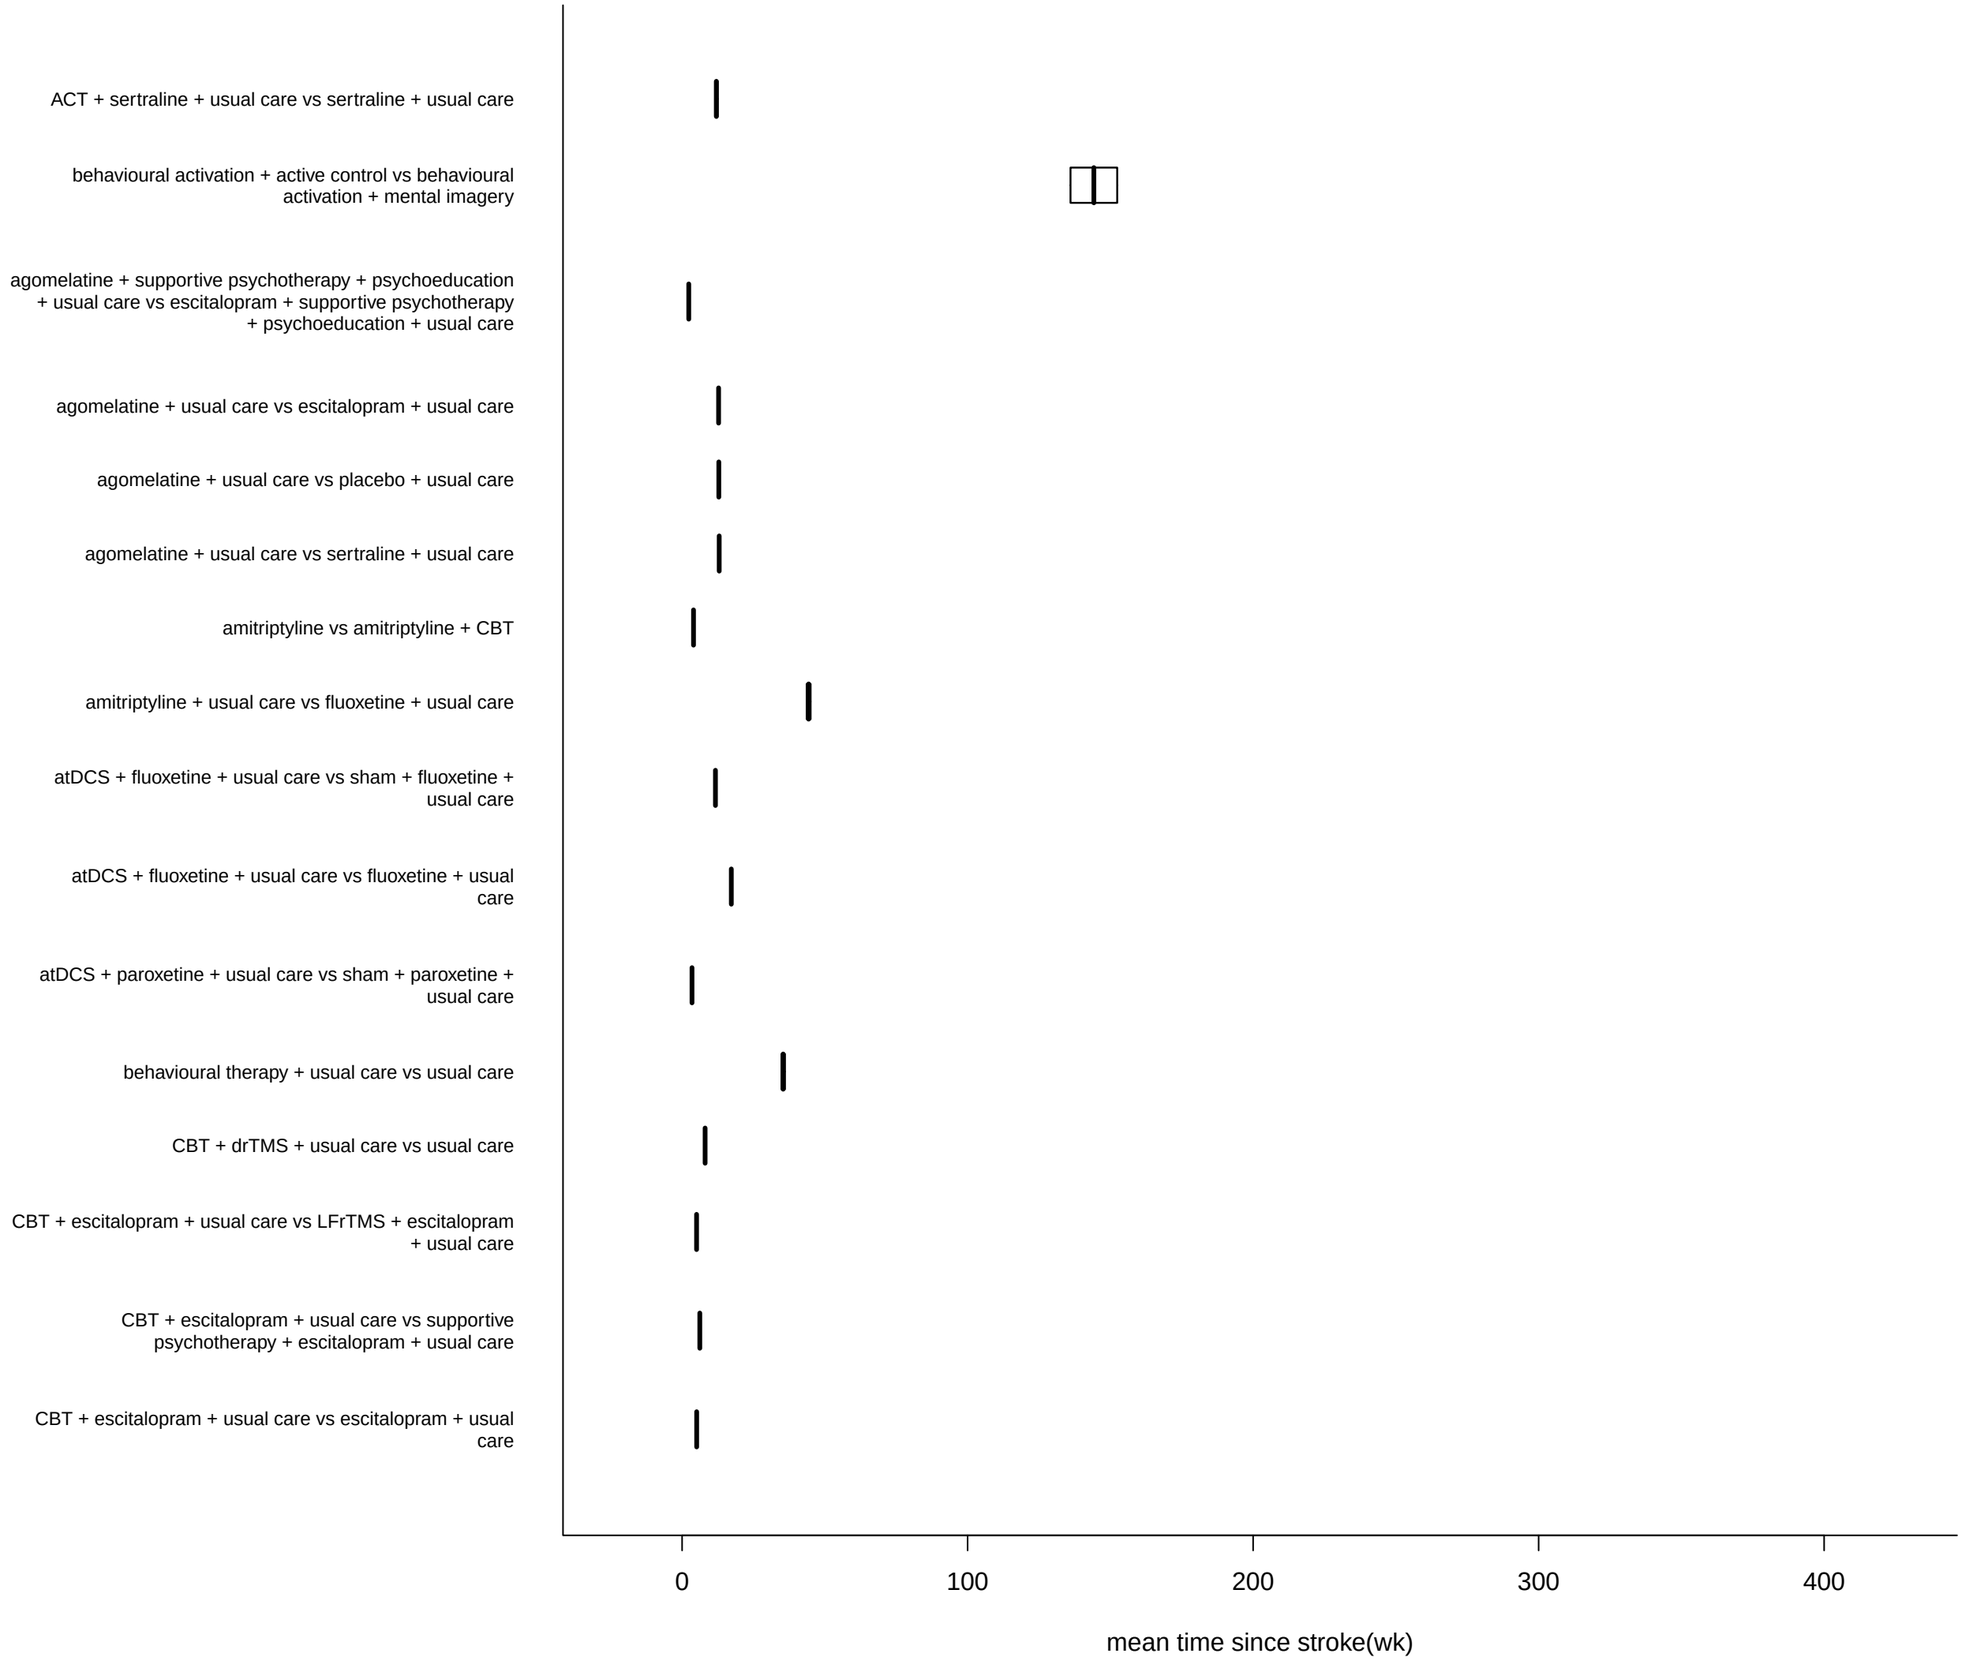
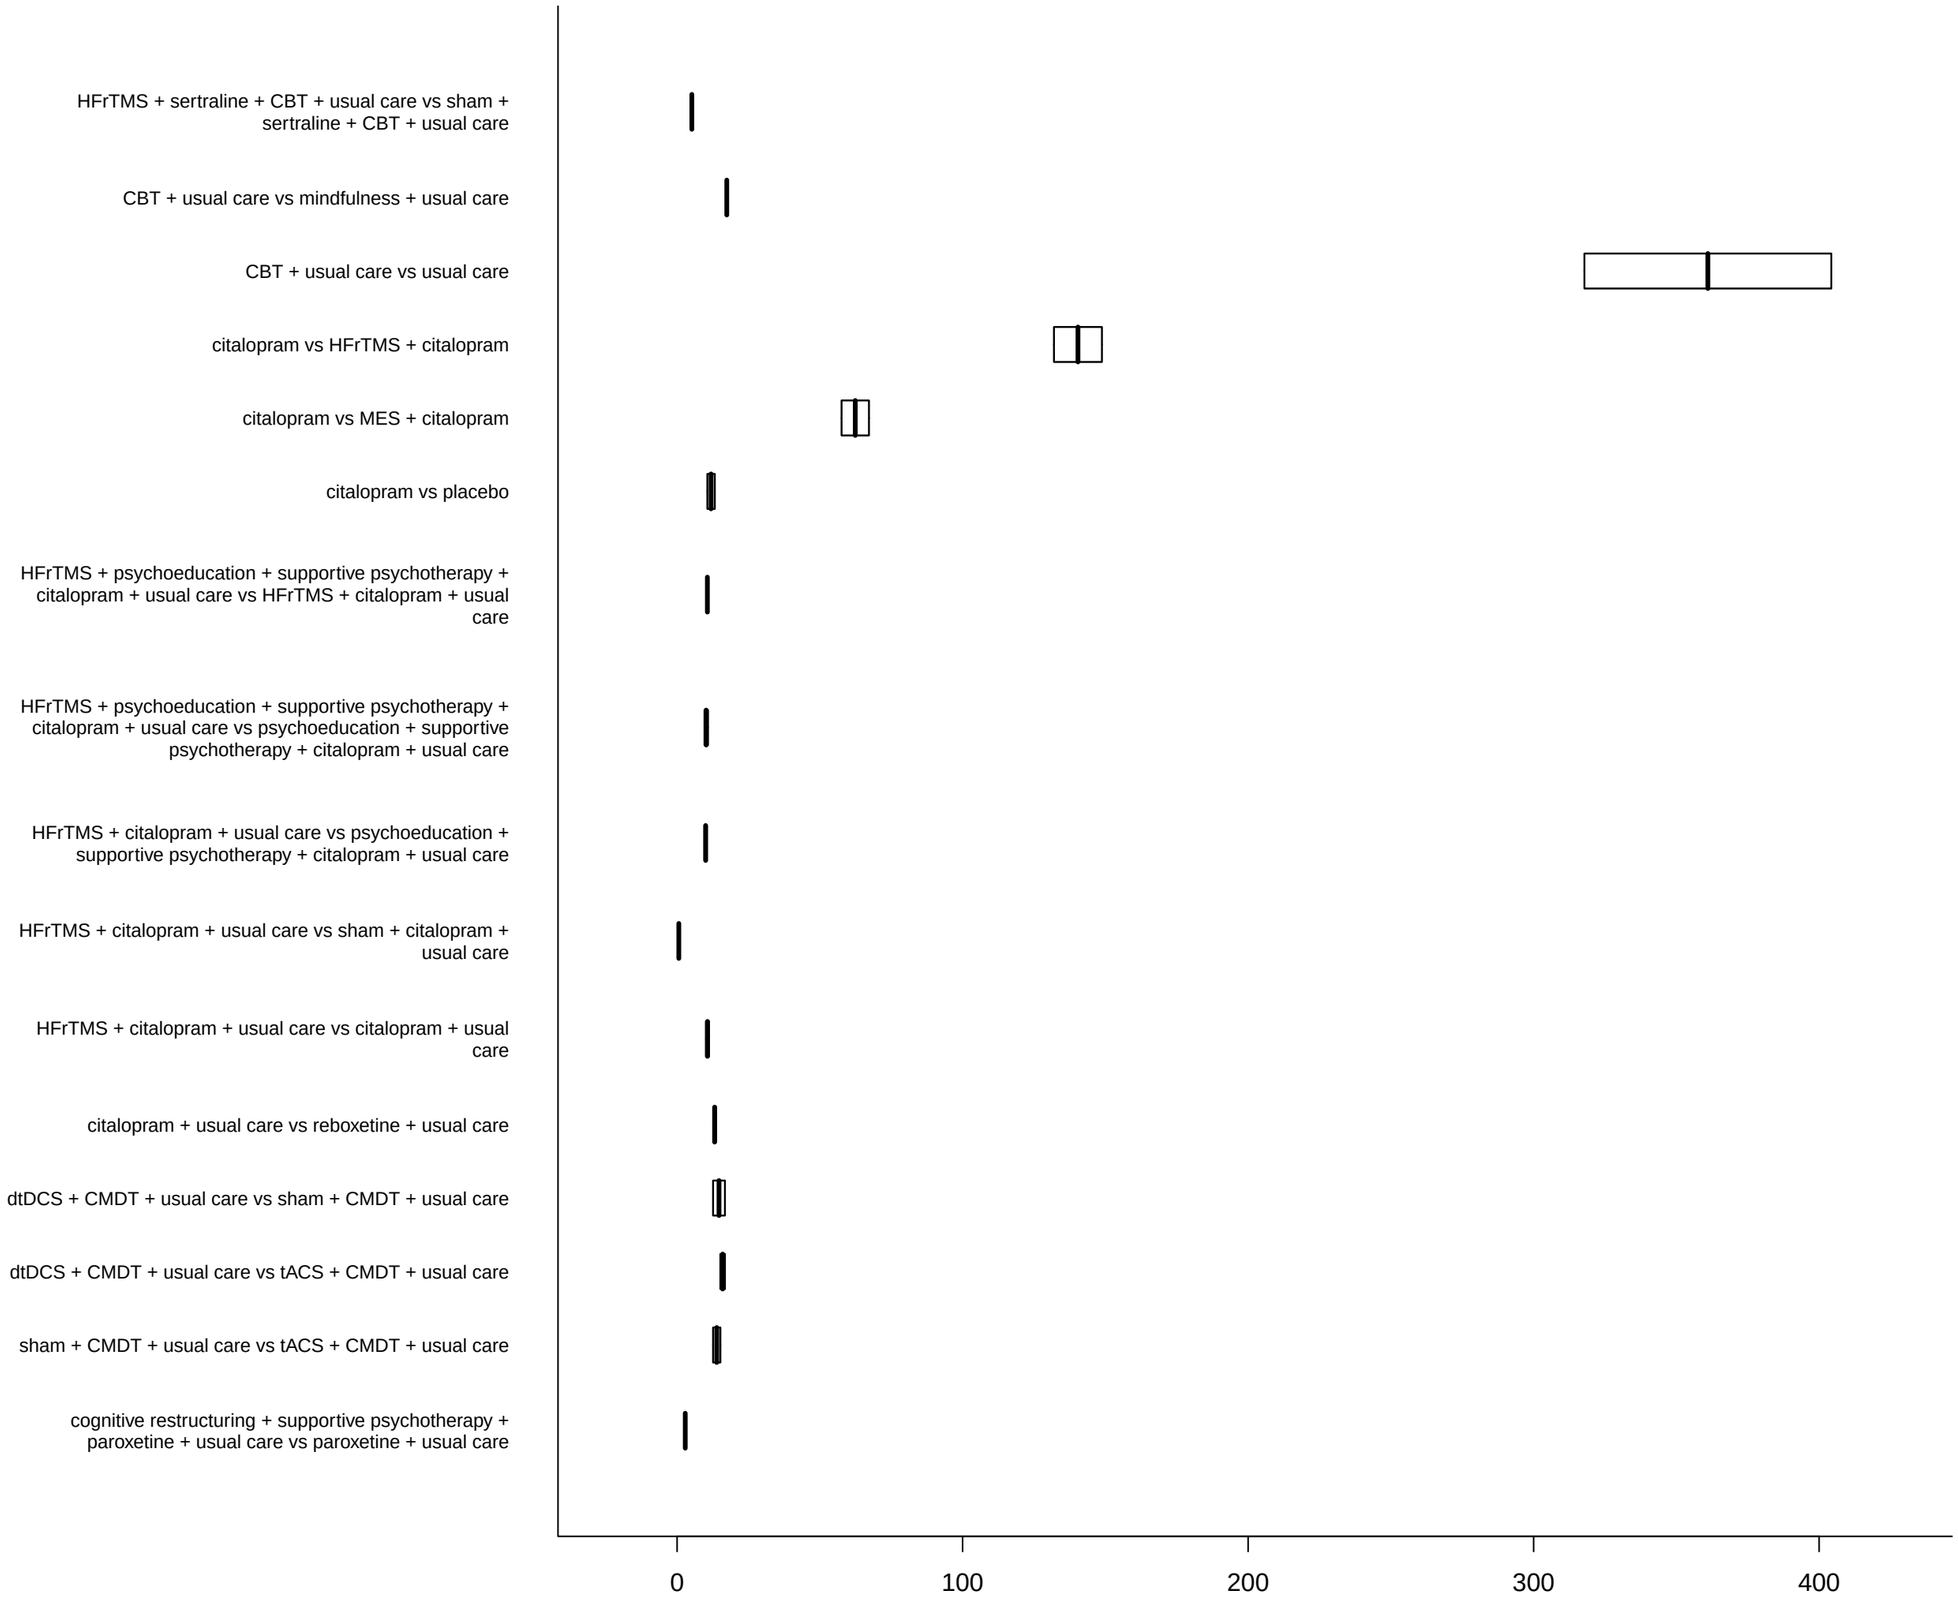
Transitivity: mean time since stroke(wk) (1/14)



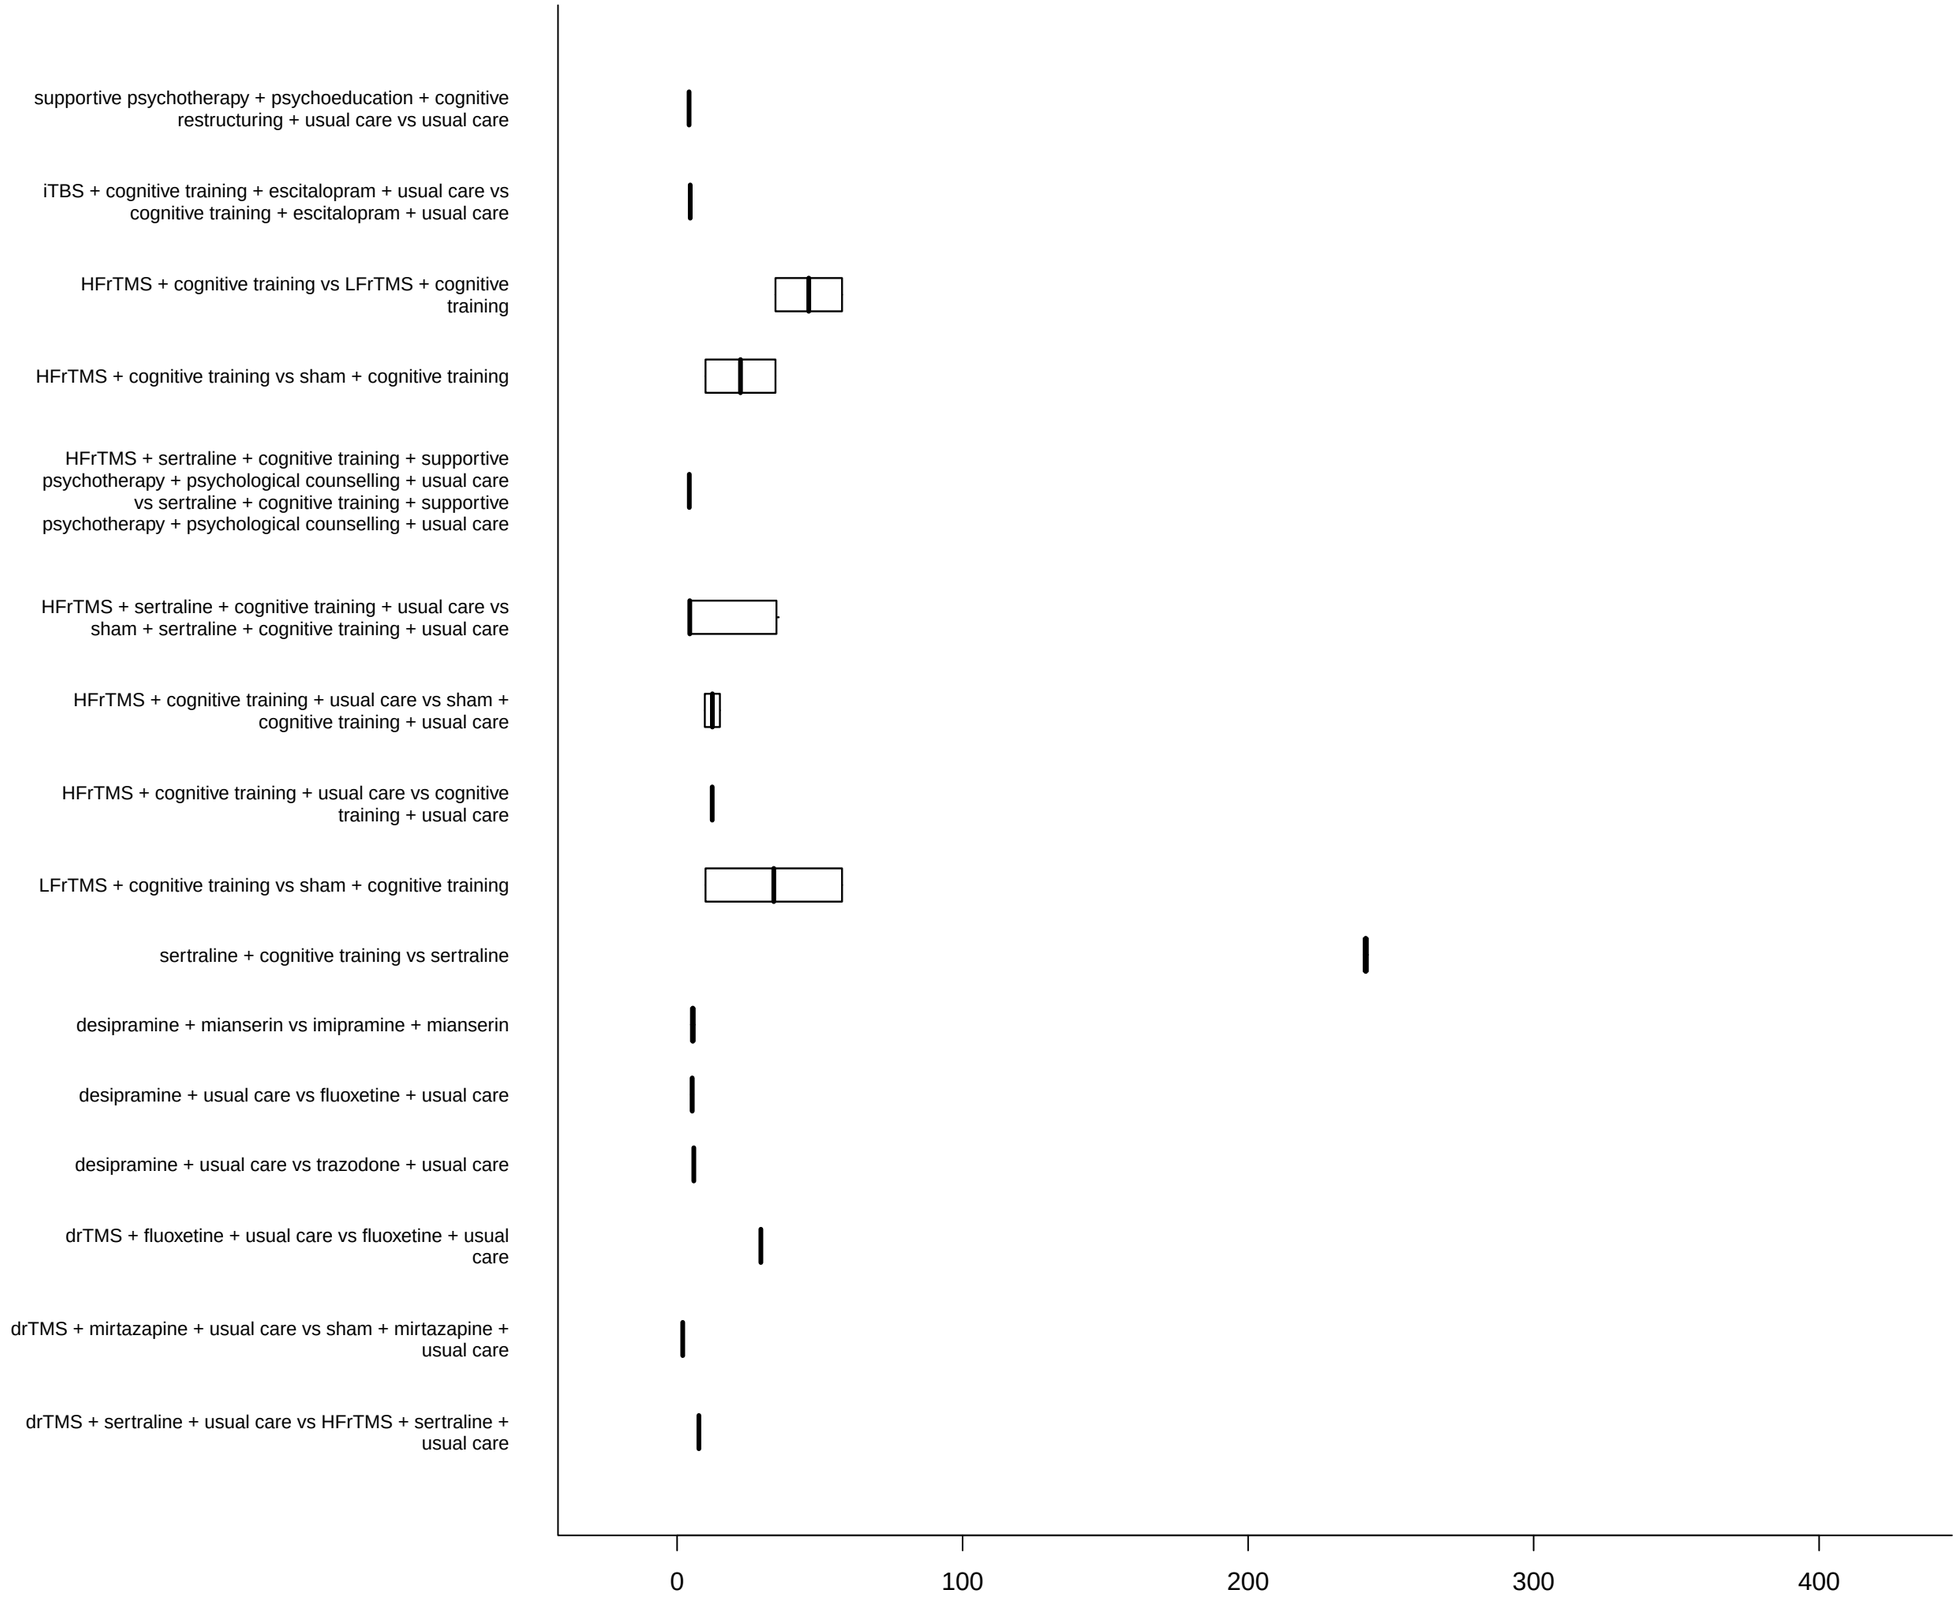
Reported values grouped by comparison; original units retained; no imputation.

Transitivity: mean time since stroke(wk) (2/14)



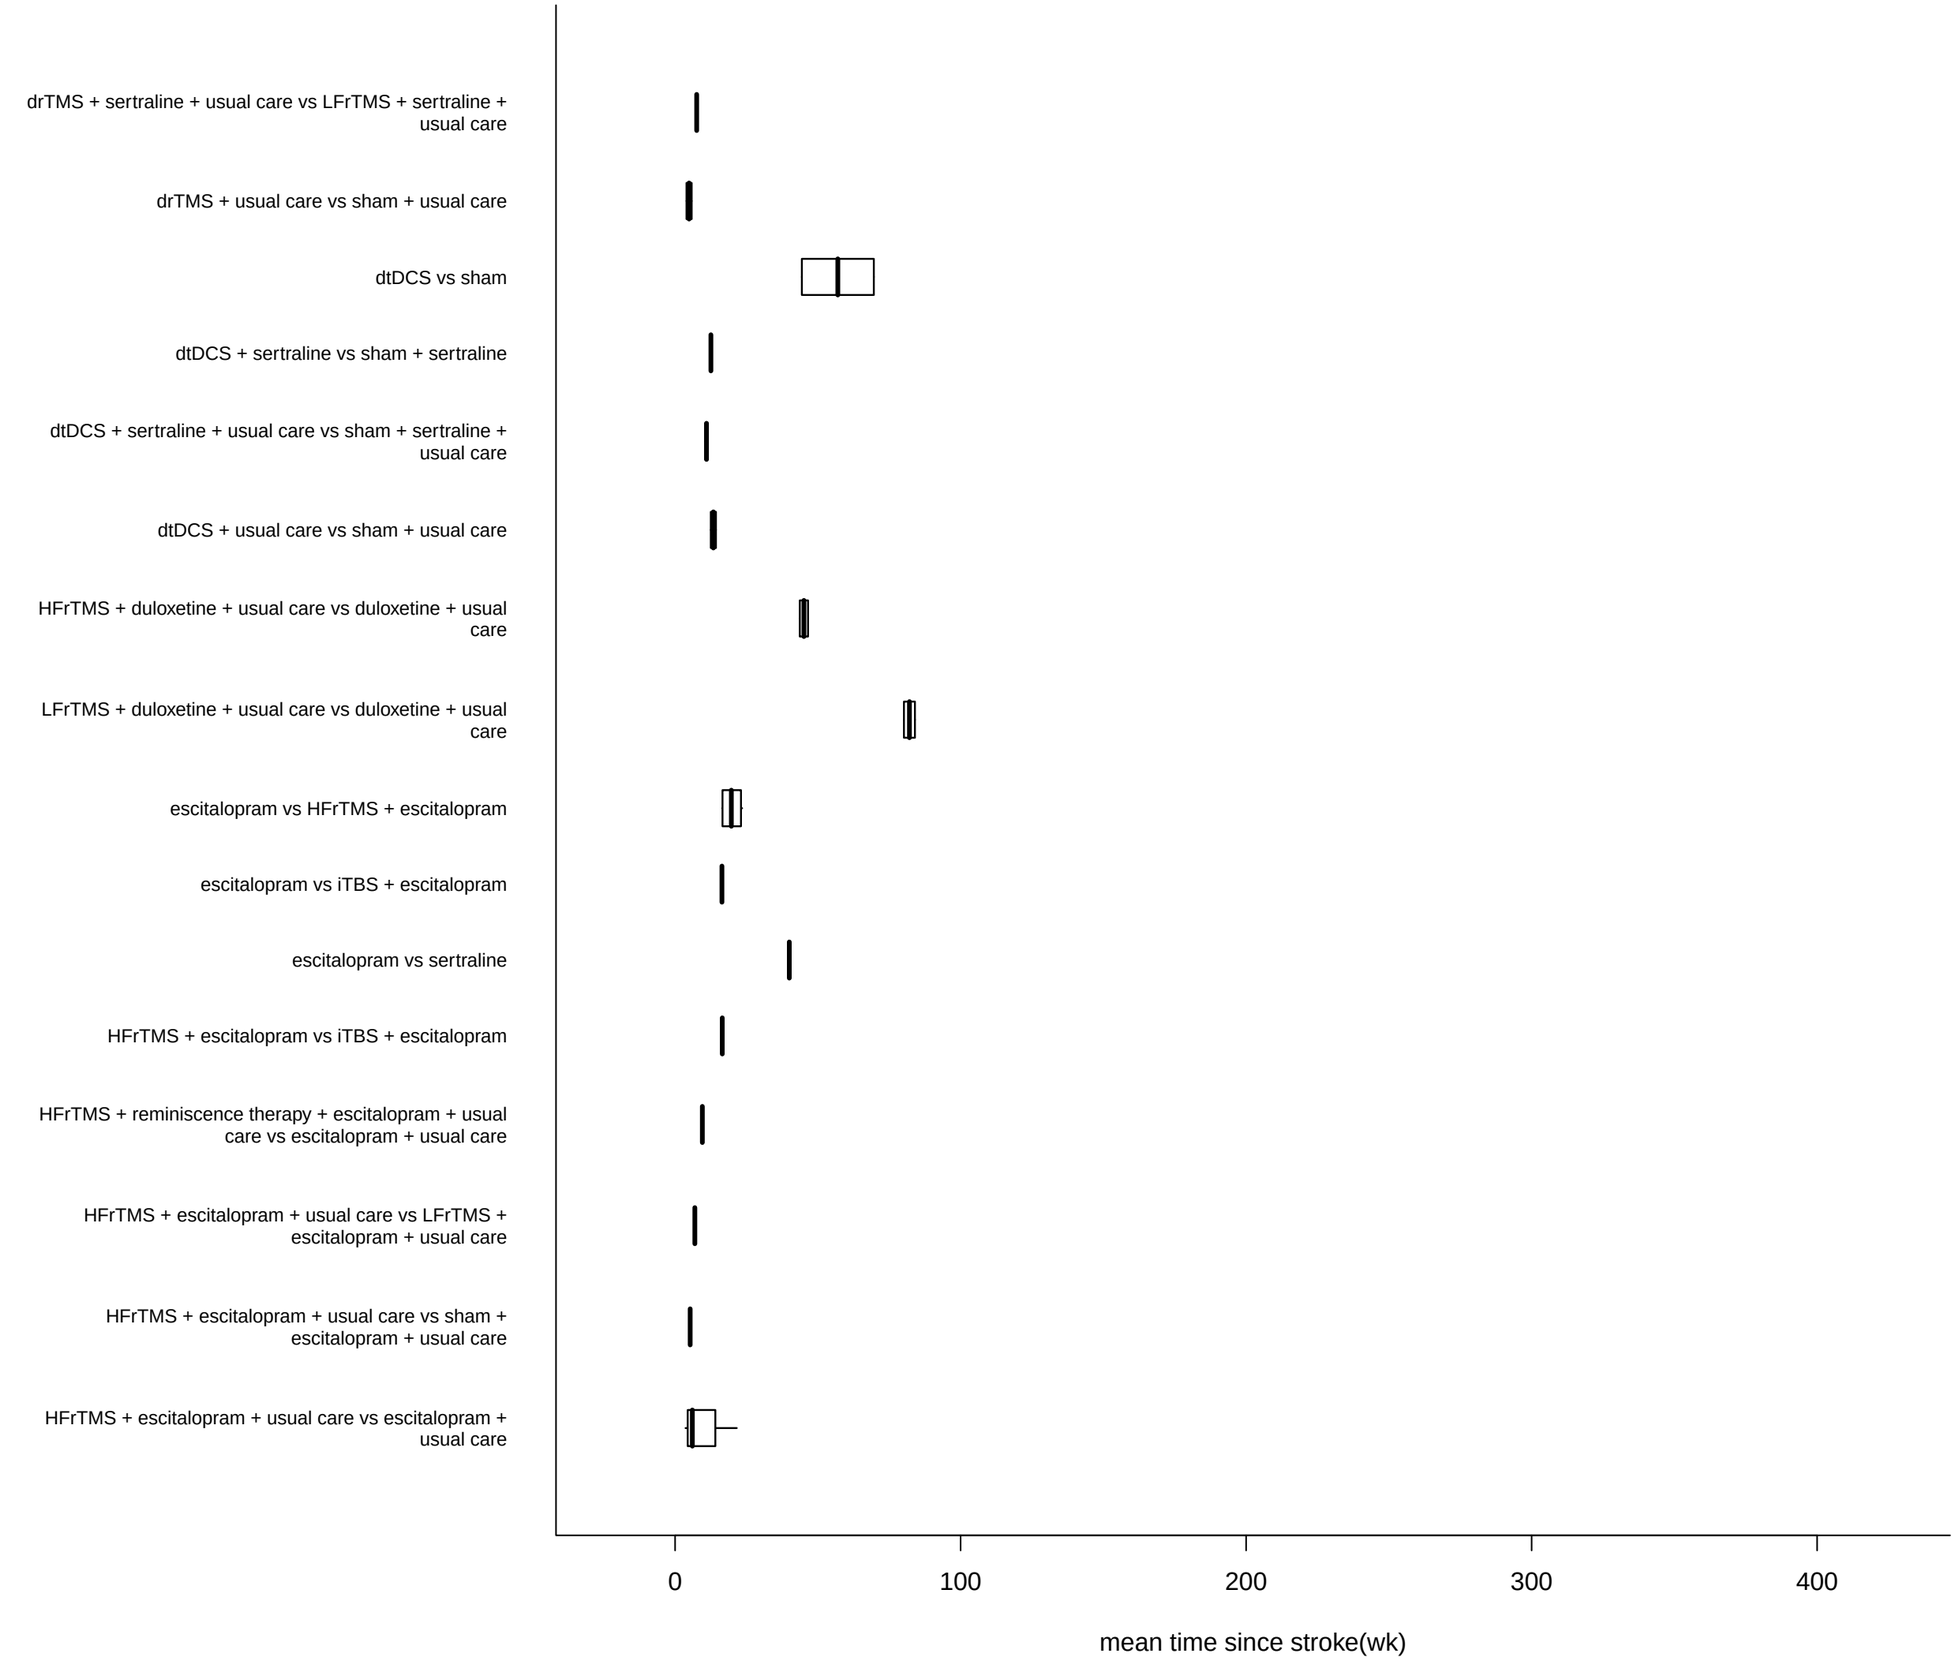
Reported values grouped by comparison; original units retained; no imputation.

Transitivity: mean time since stroke(wk) (3/14)



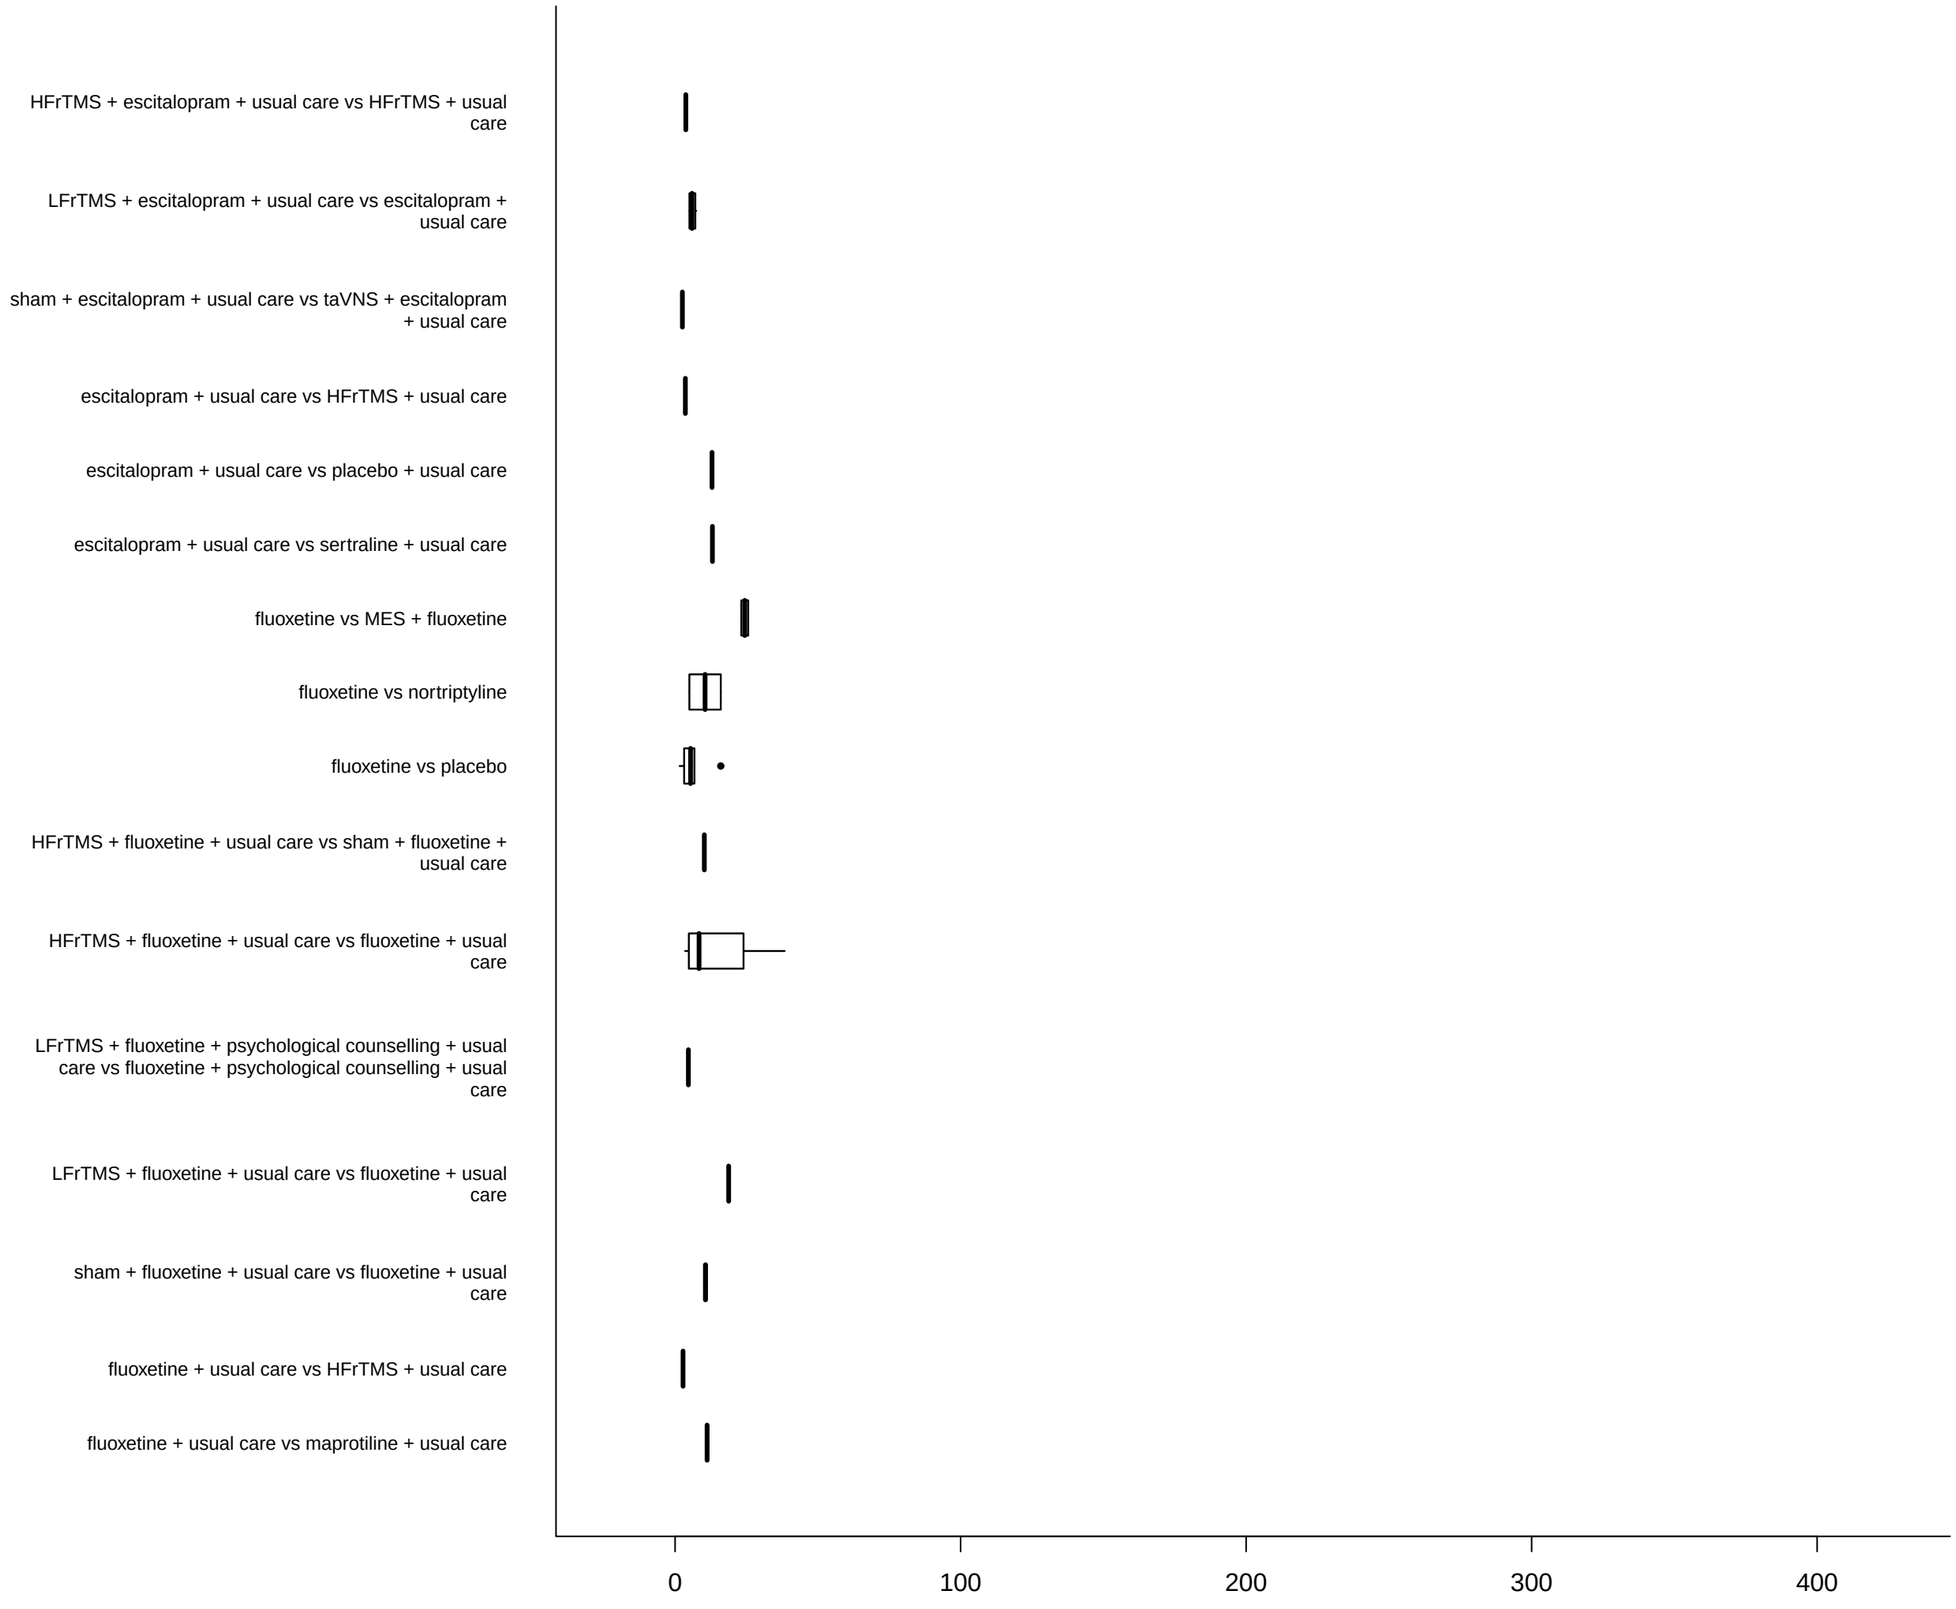
Reported values grouped by comparison; original units retained; no imputation.

Transitivity: mean time since stroke(wk) (4/14)



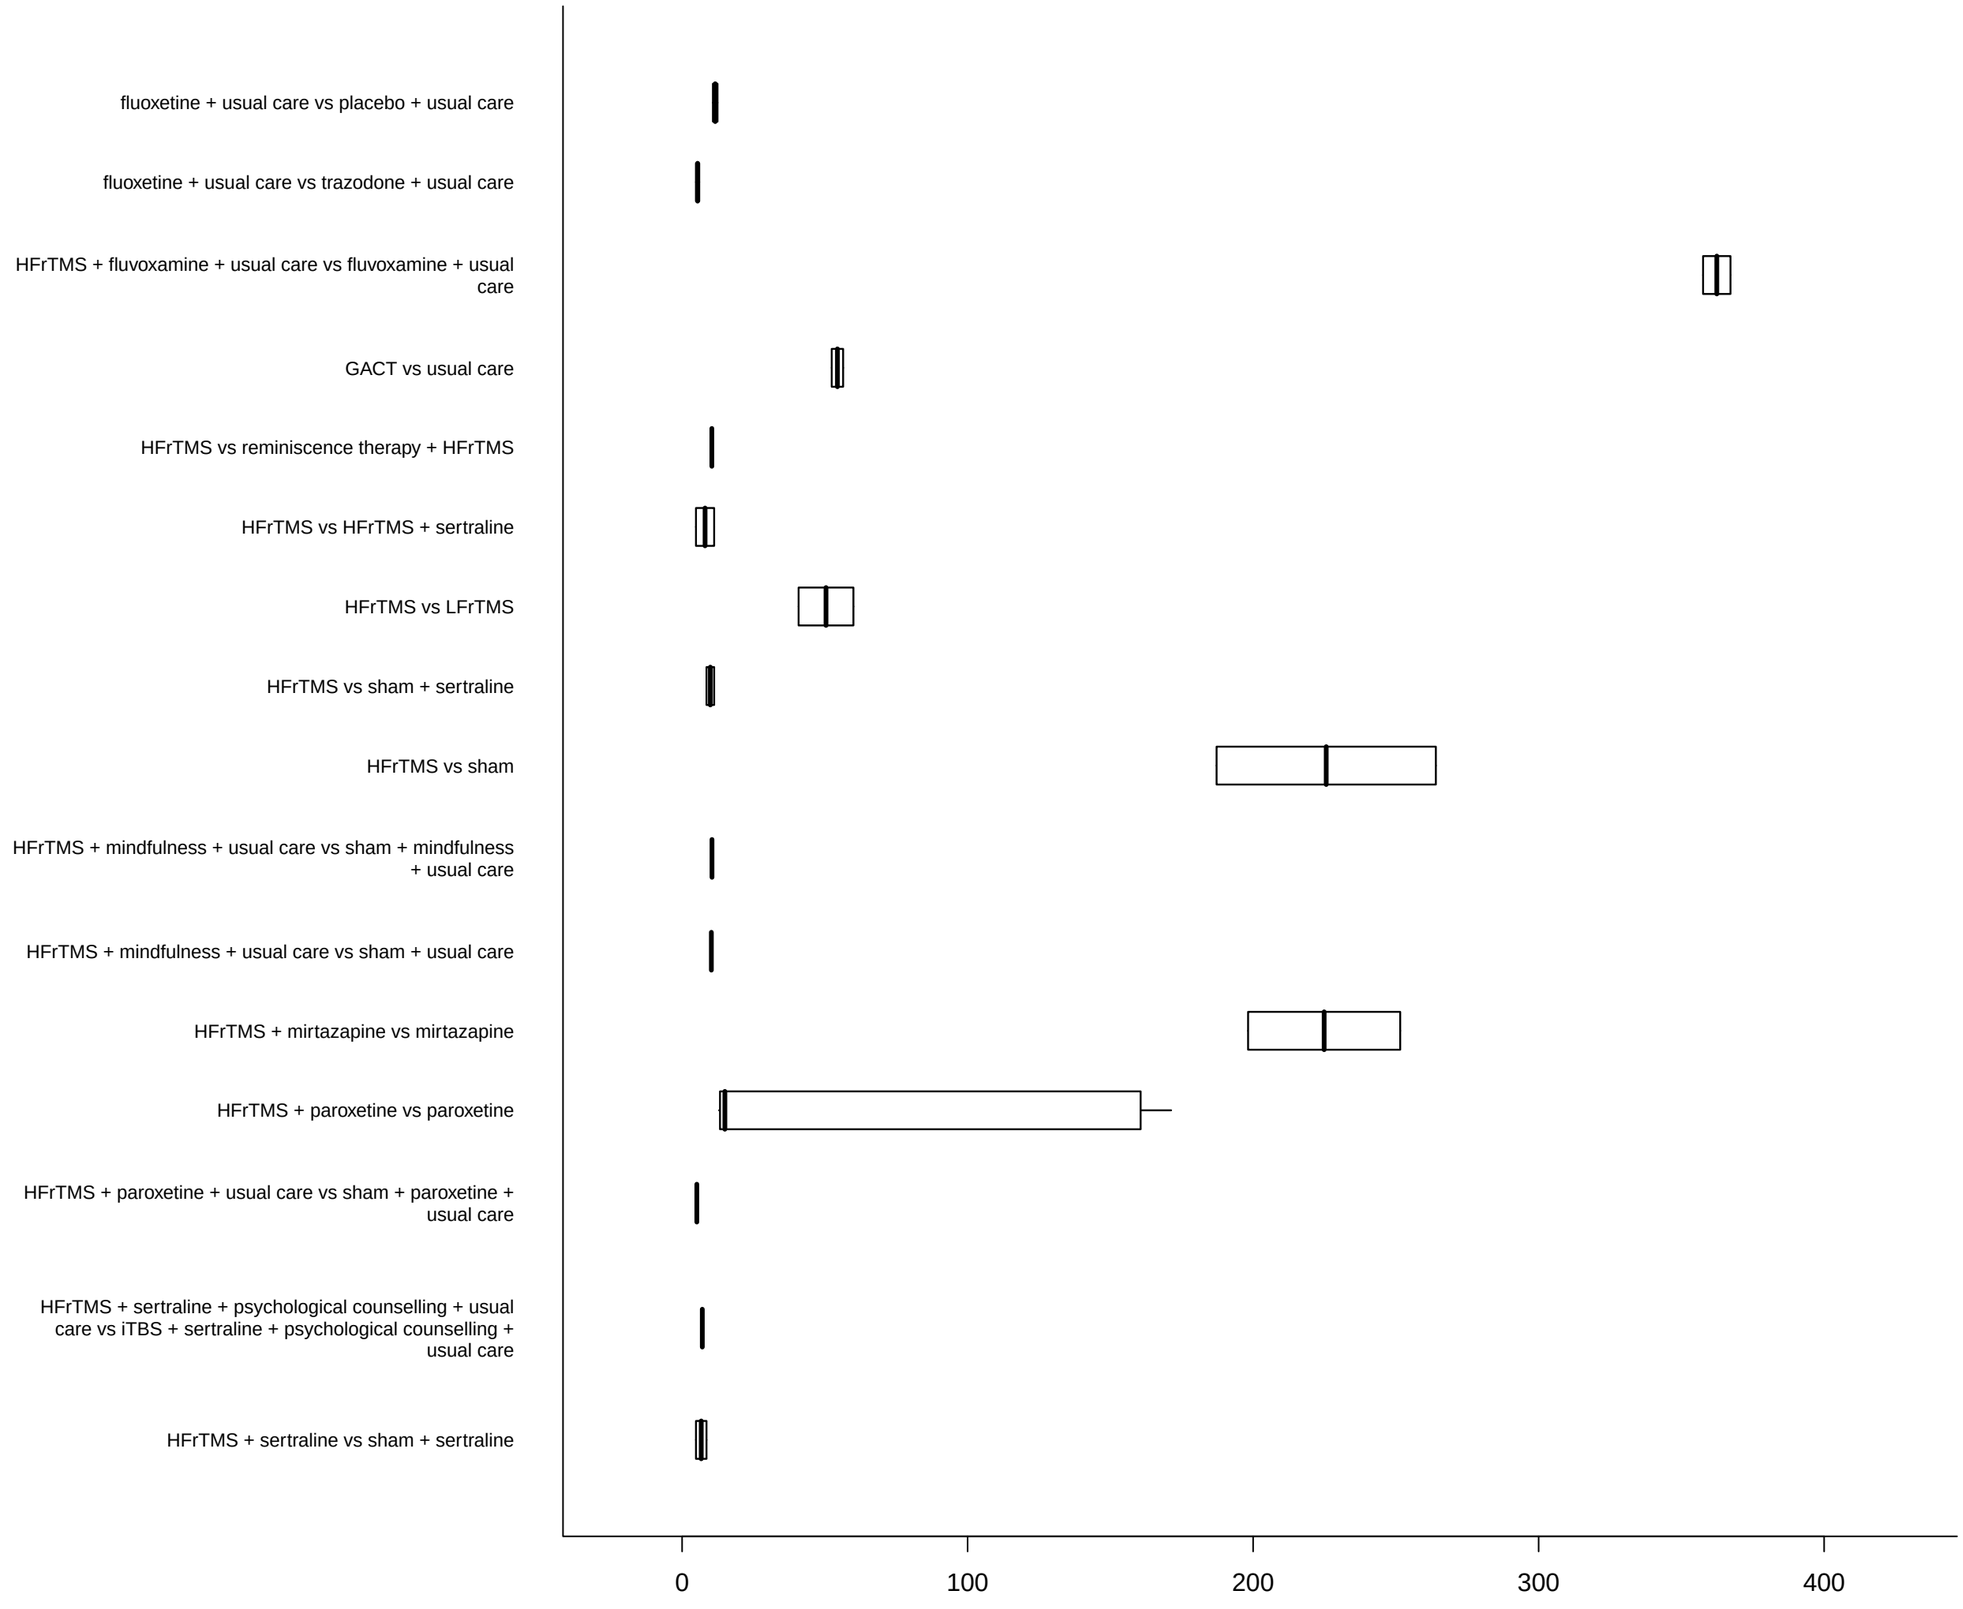
Reported values grouped by comparison; original units retained; no imputation.

Transitivity: mean time since stroke(wk) (5/14)



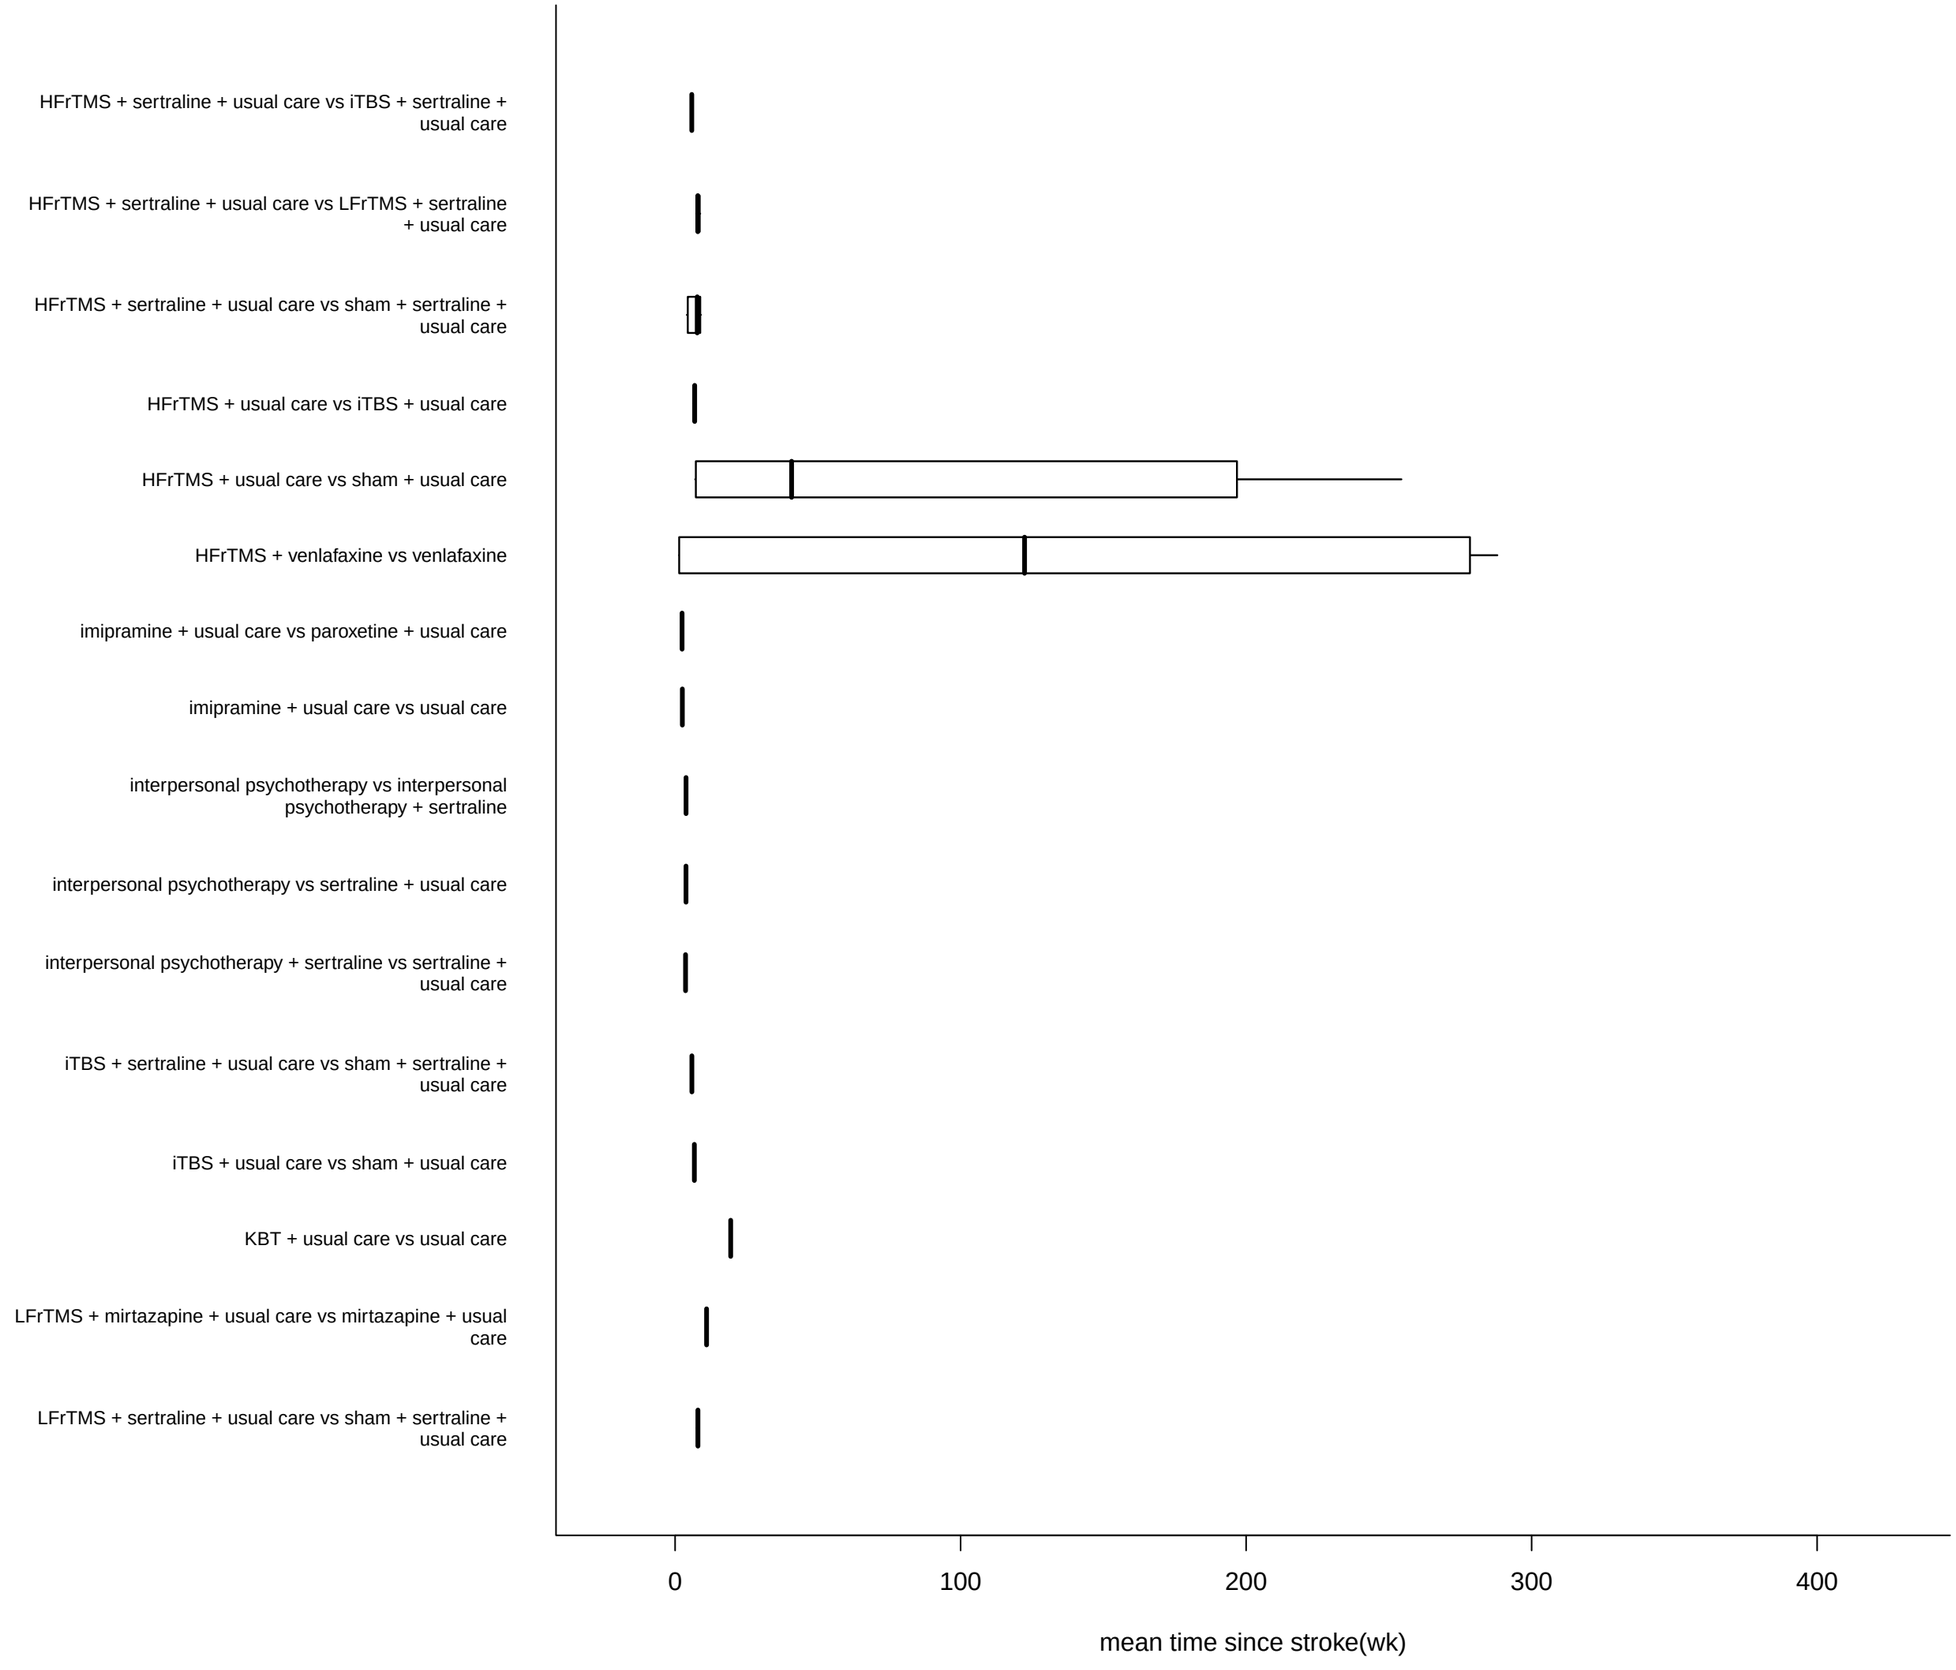
Reported values grouped by comparison; original units retained; no imputation.

Transitivity: mean time since stroke(wk) (6/14)



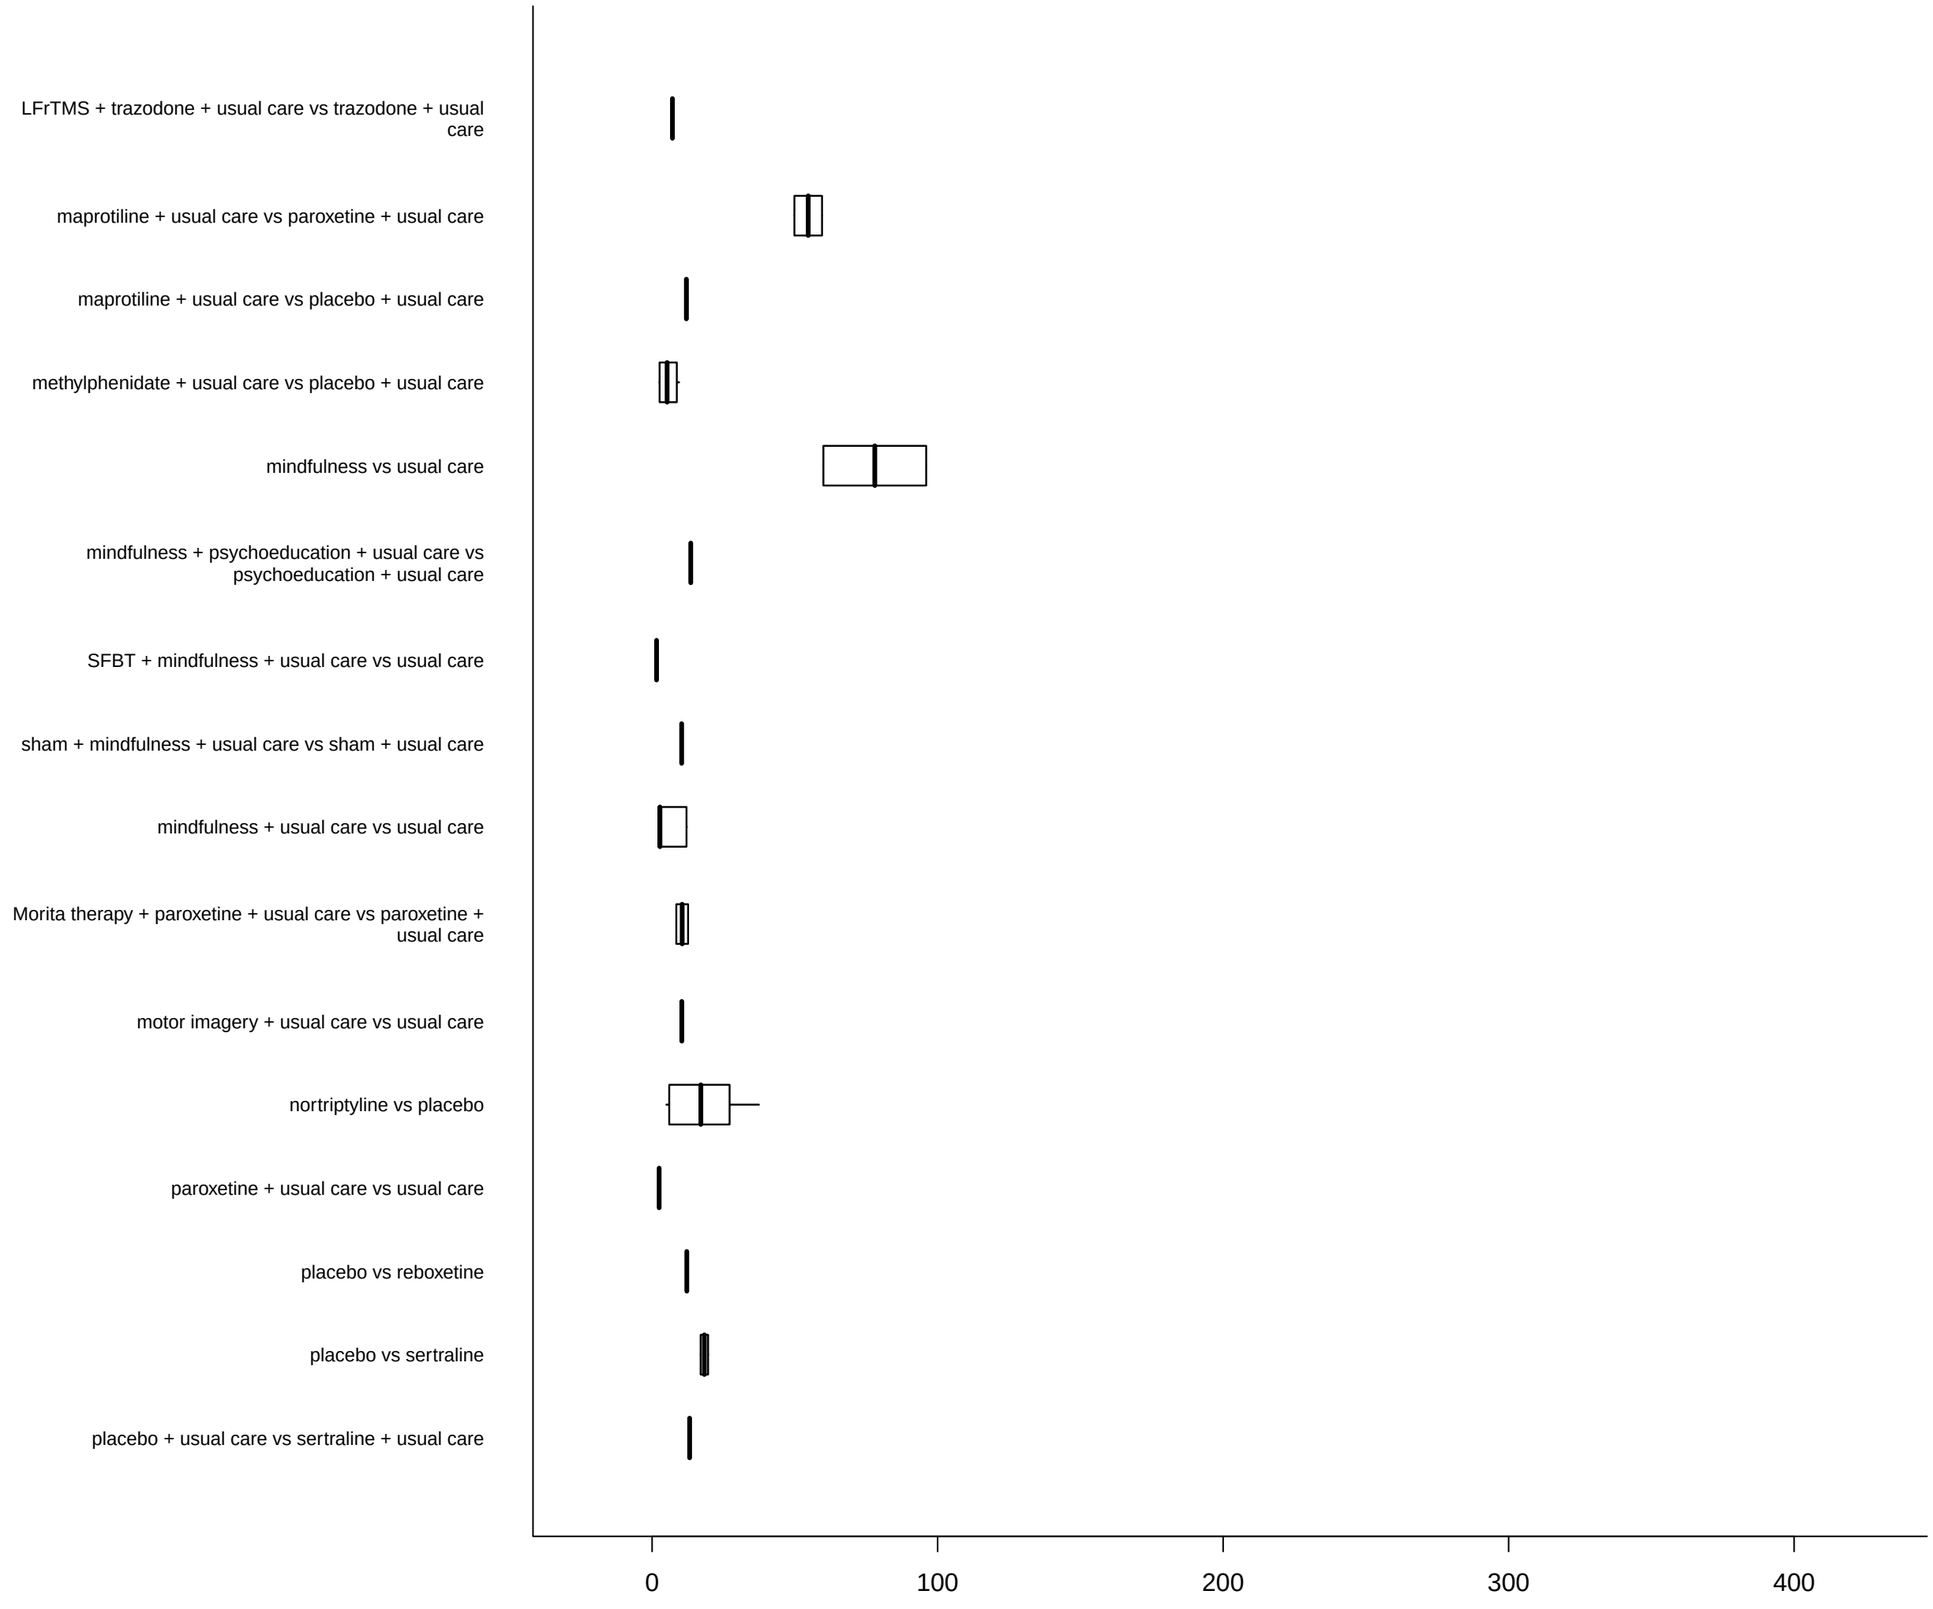
Reported values grouped by comparison; original units retained; no imputation.

Transitivity: mean time since stroke(wk) (7/14)



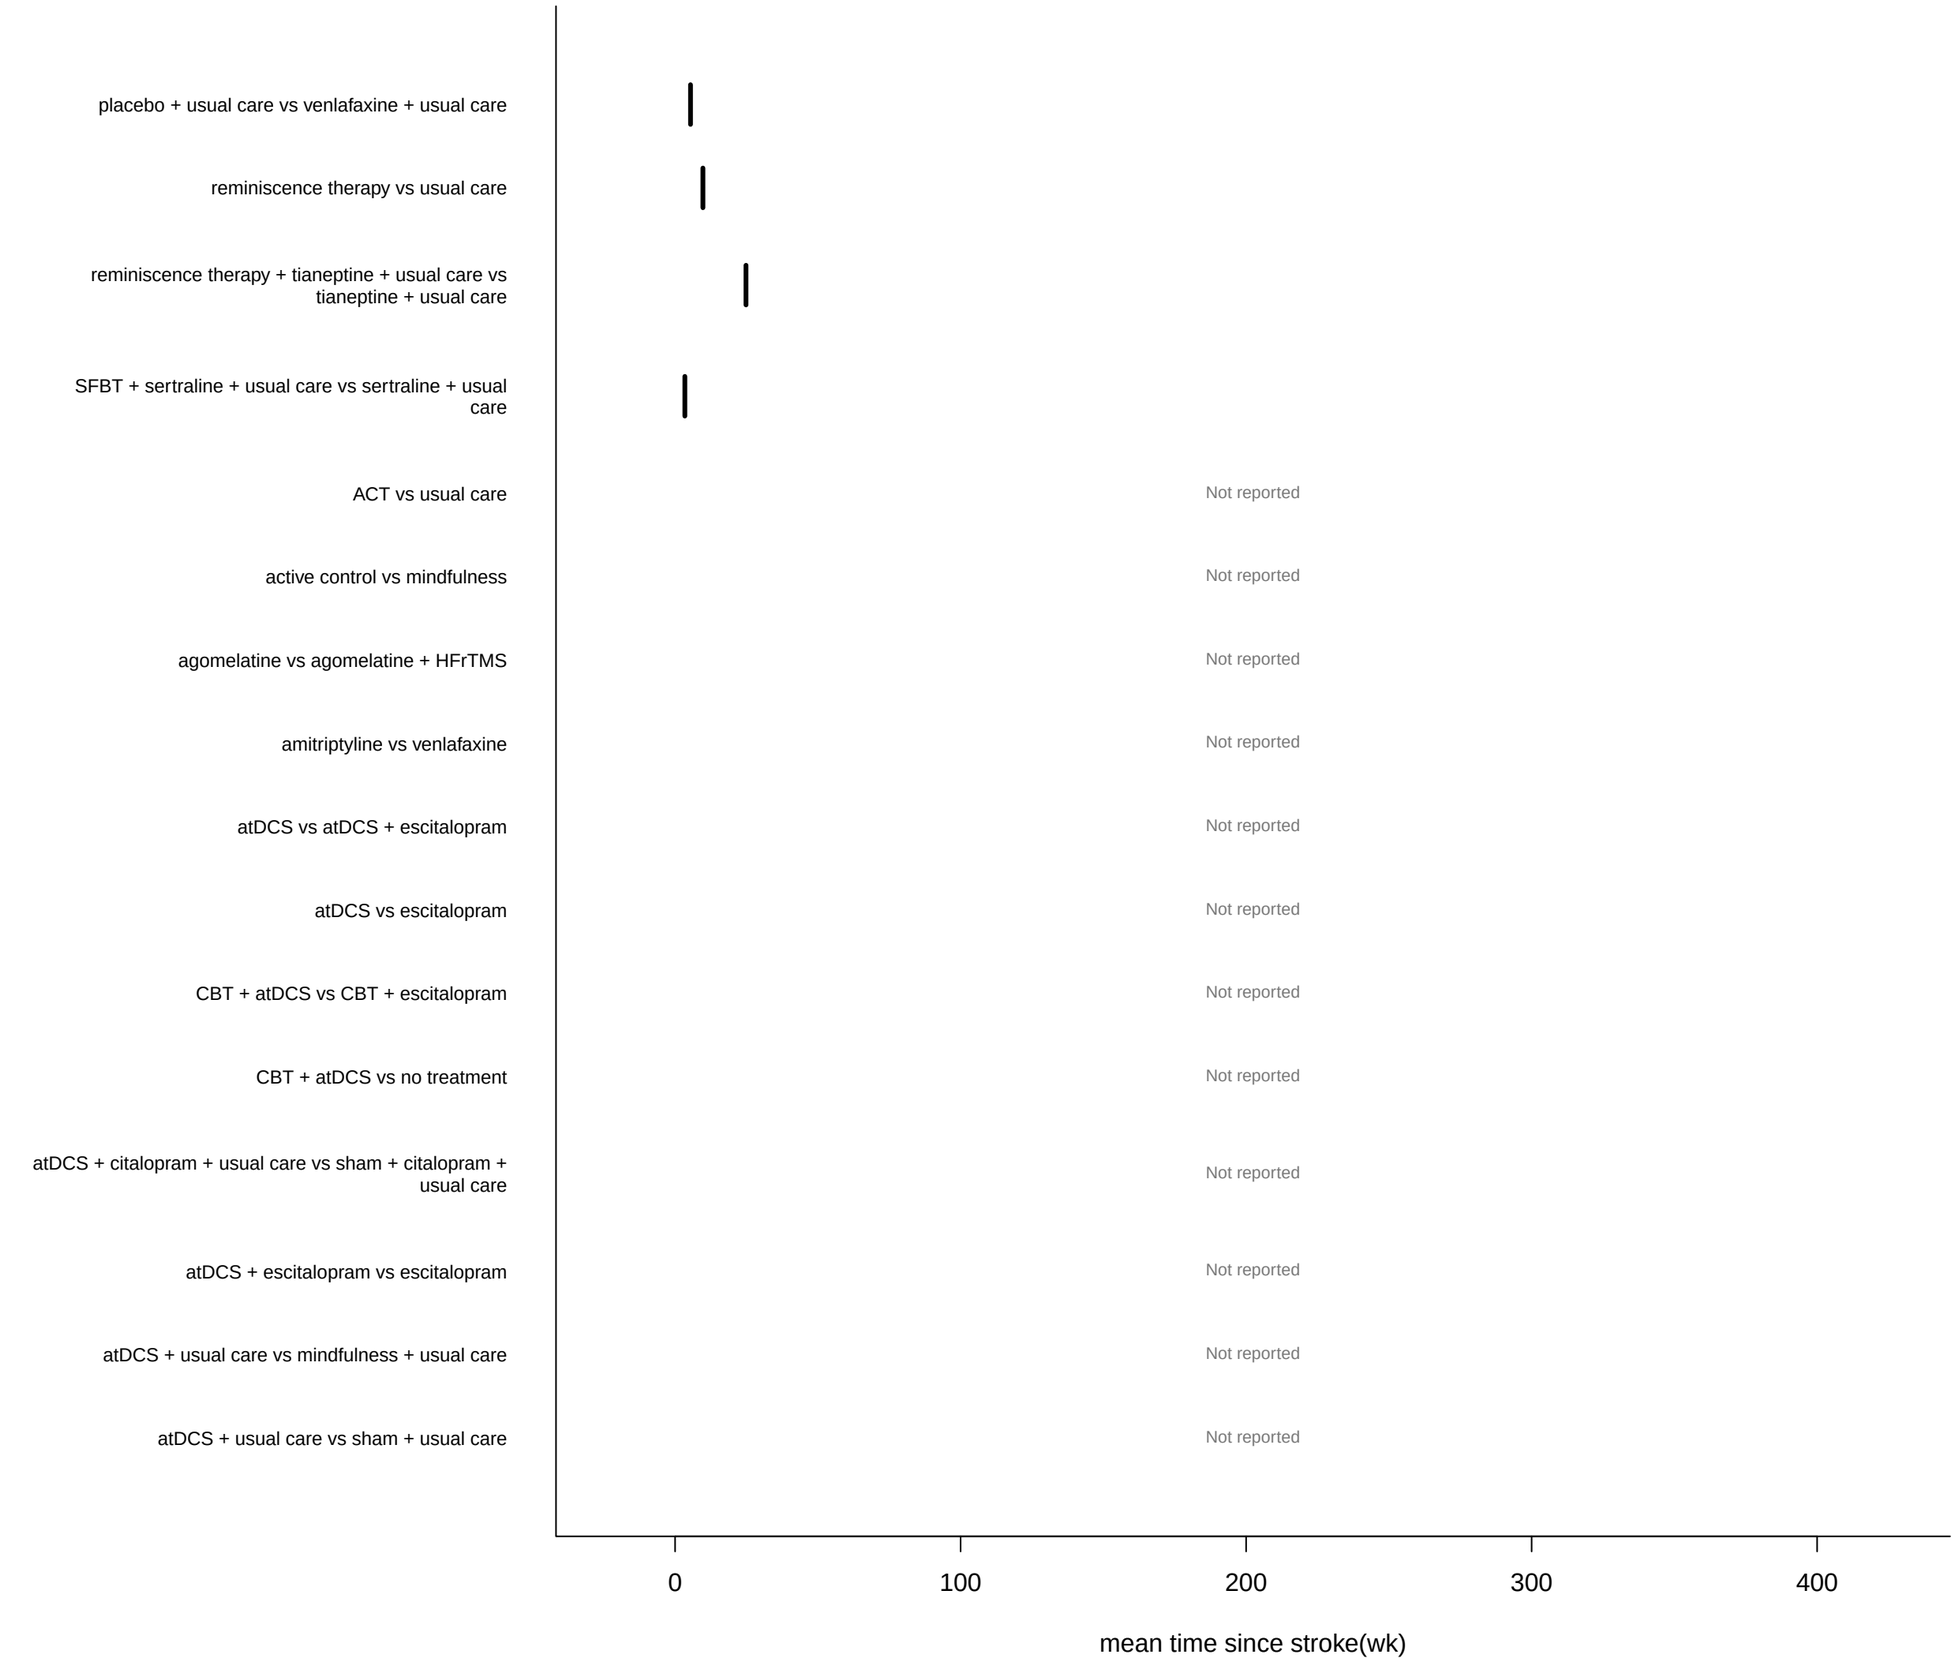
Reported values grouped by comparison; original units retained; no imputation.

Transitivity: mean time since stroke(wk) (8/14)



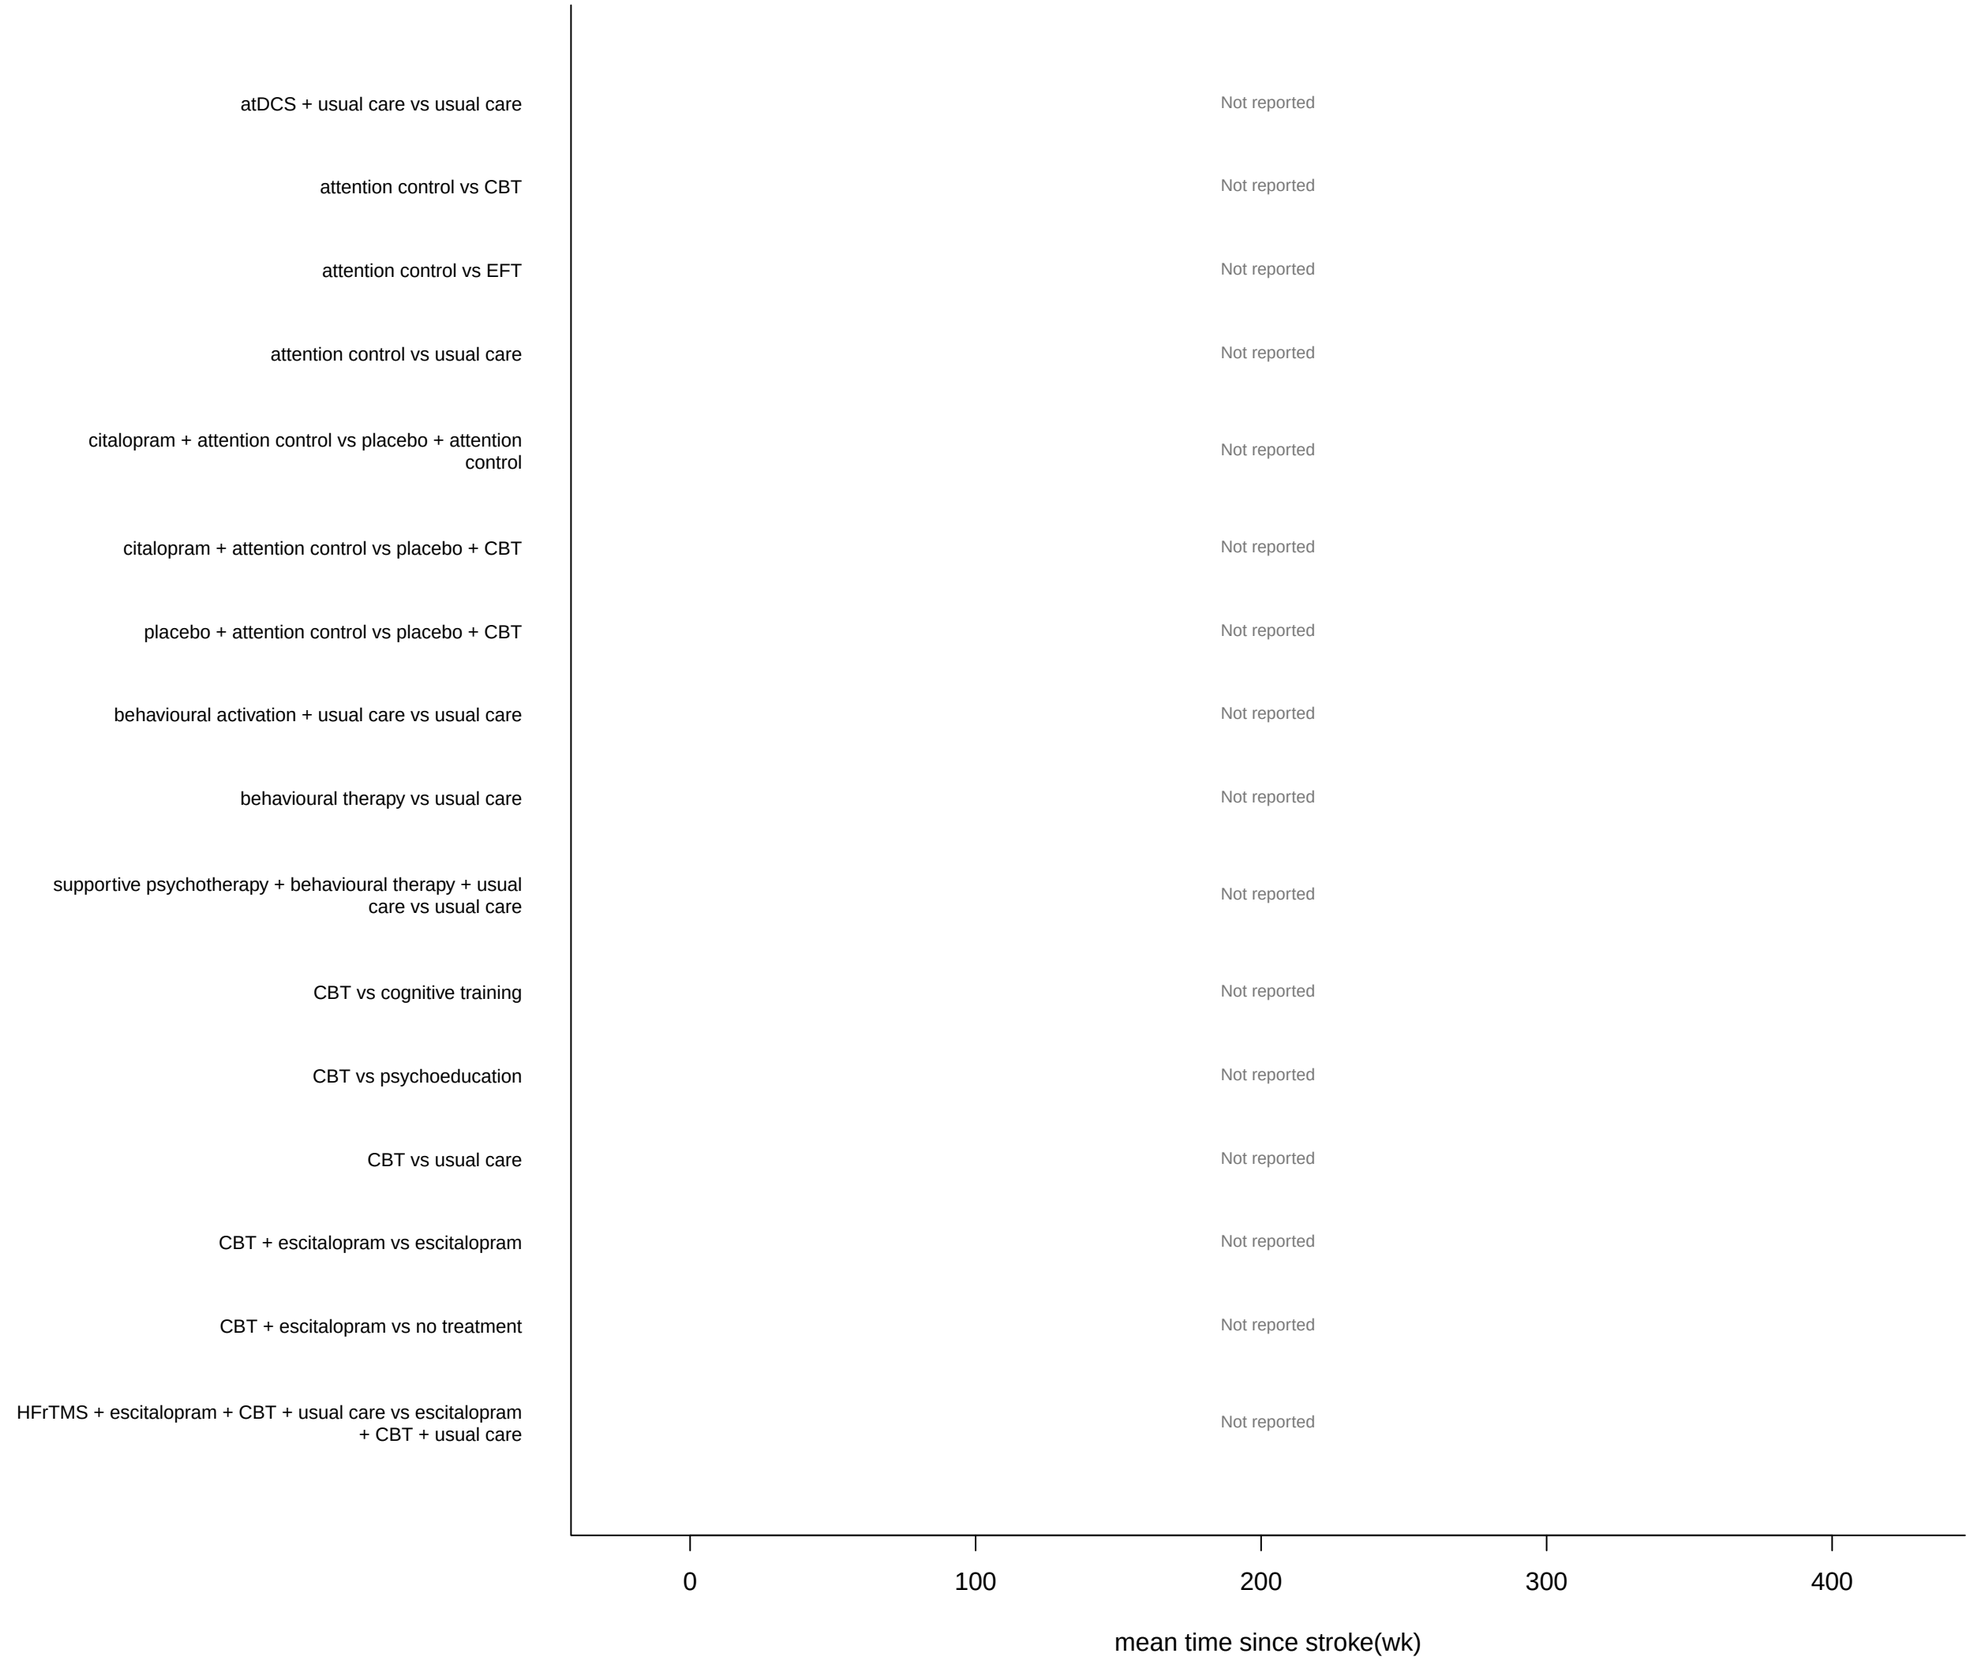
Reported values grouped by comparison; original units retained; no imputation.

Transitivity: mean time since stroke(wk) (9/14)



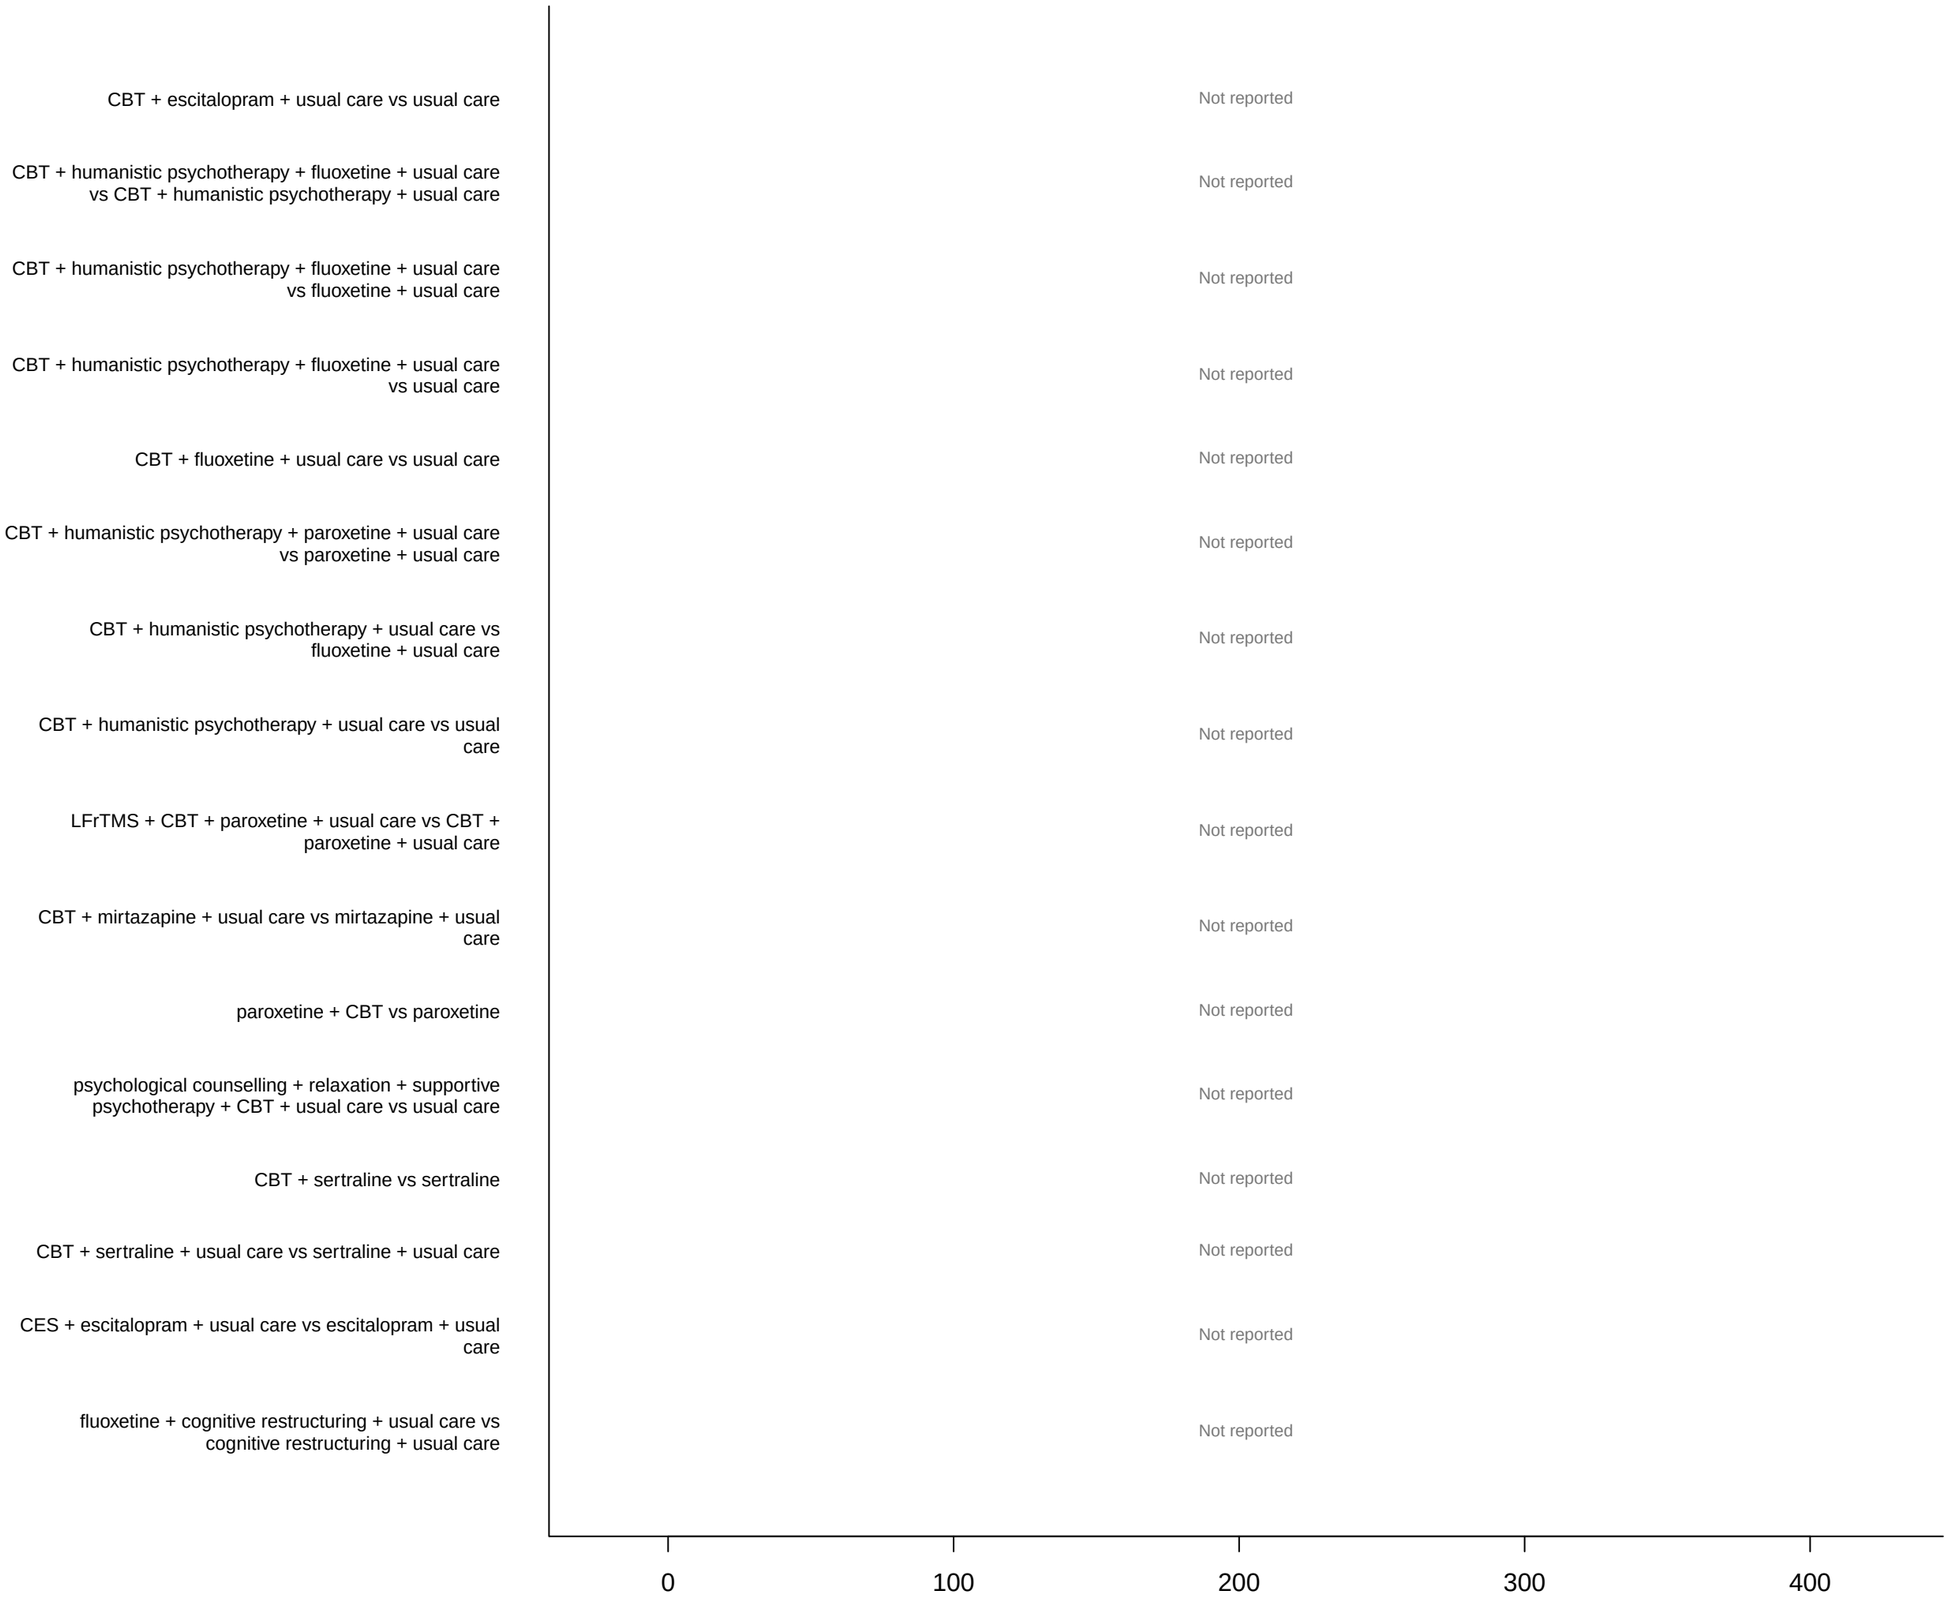
Reported values grouped by comparison; original units retained; no imputation.

Transitivity: mean time since stroke(wk) (10/14)



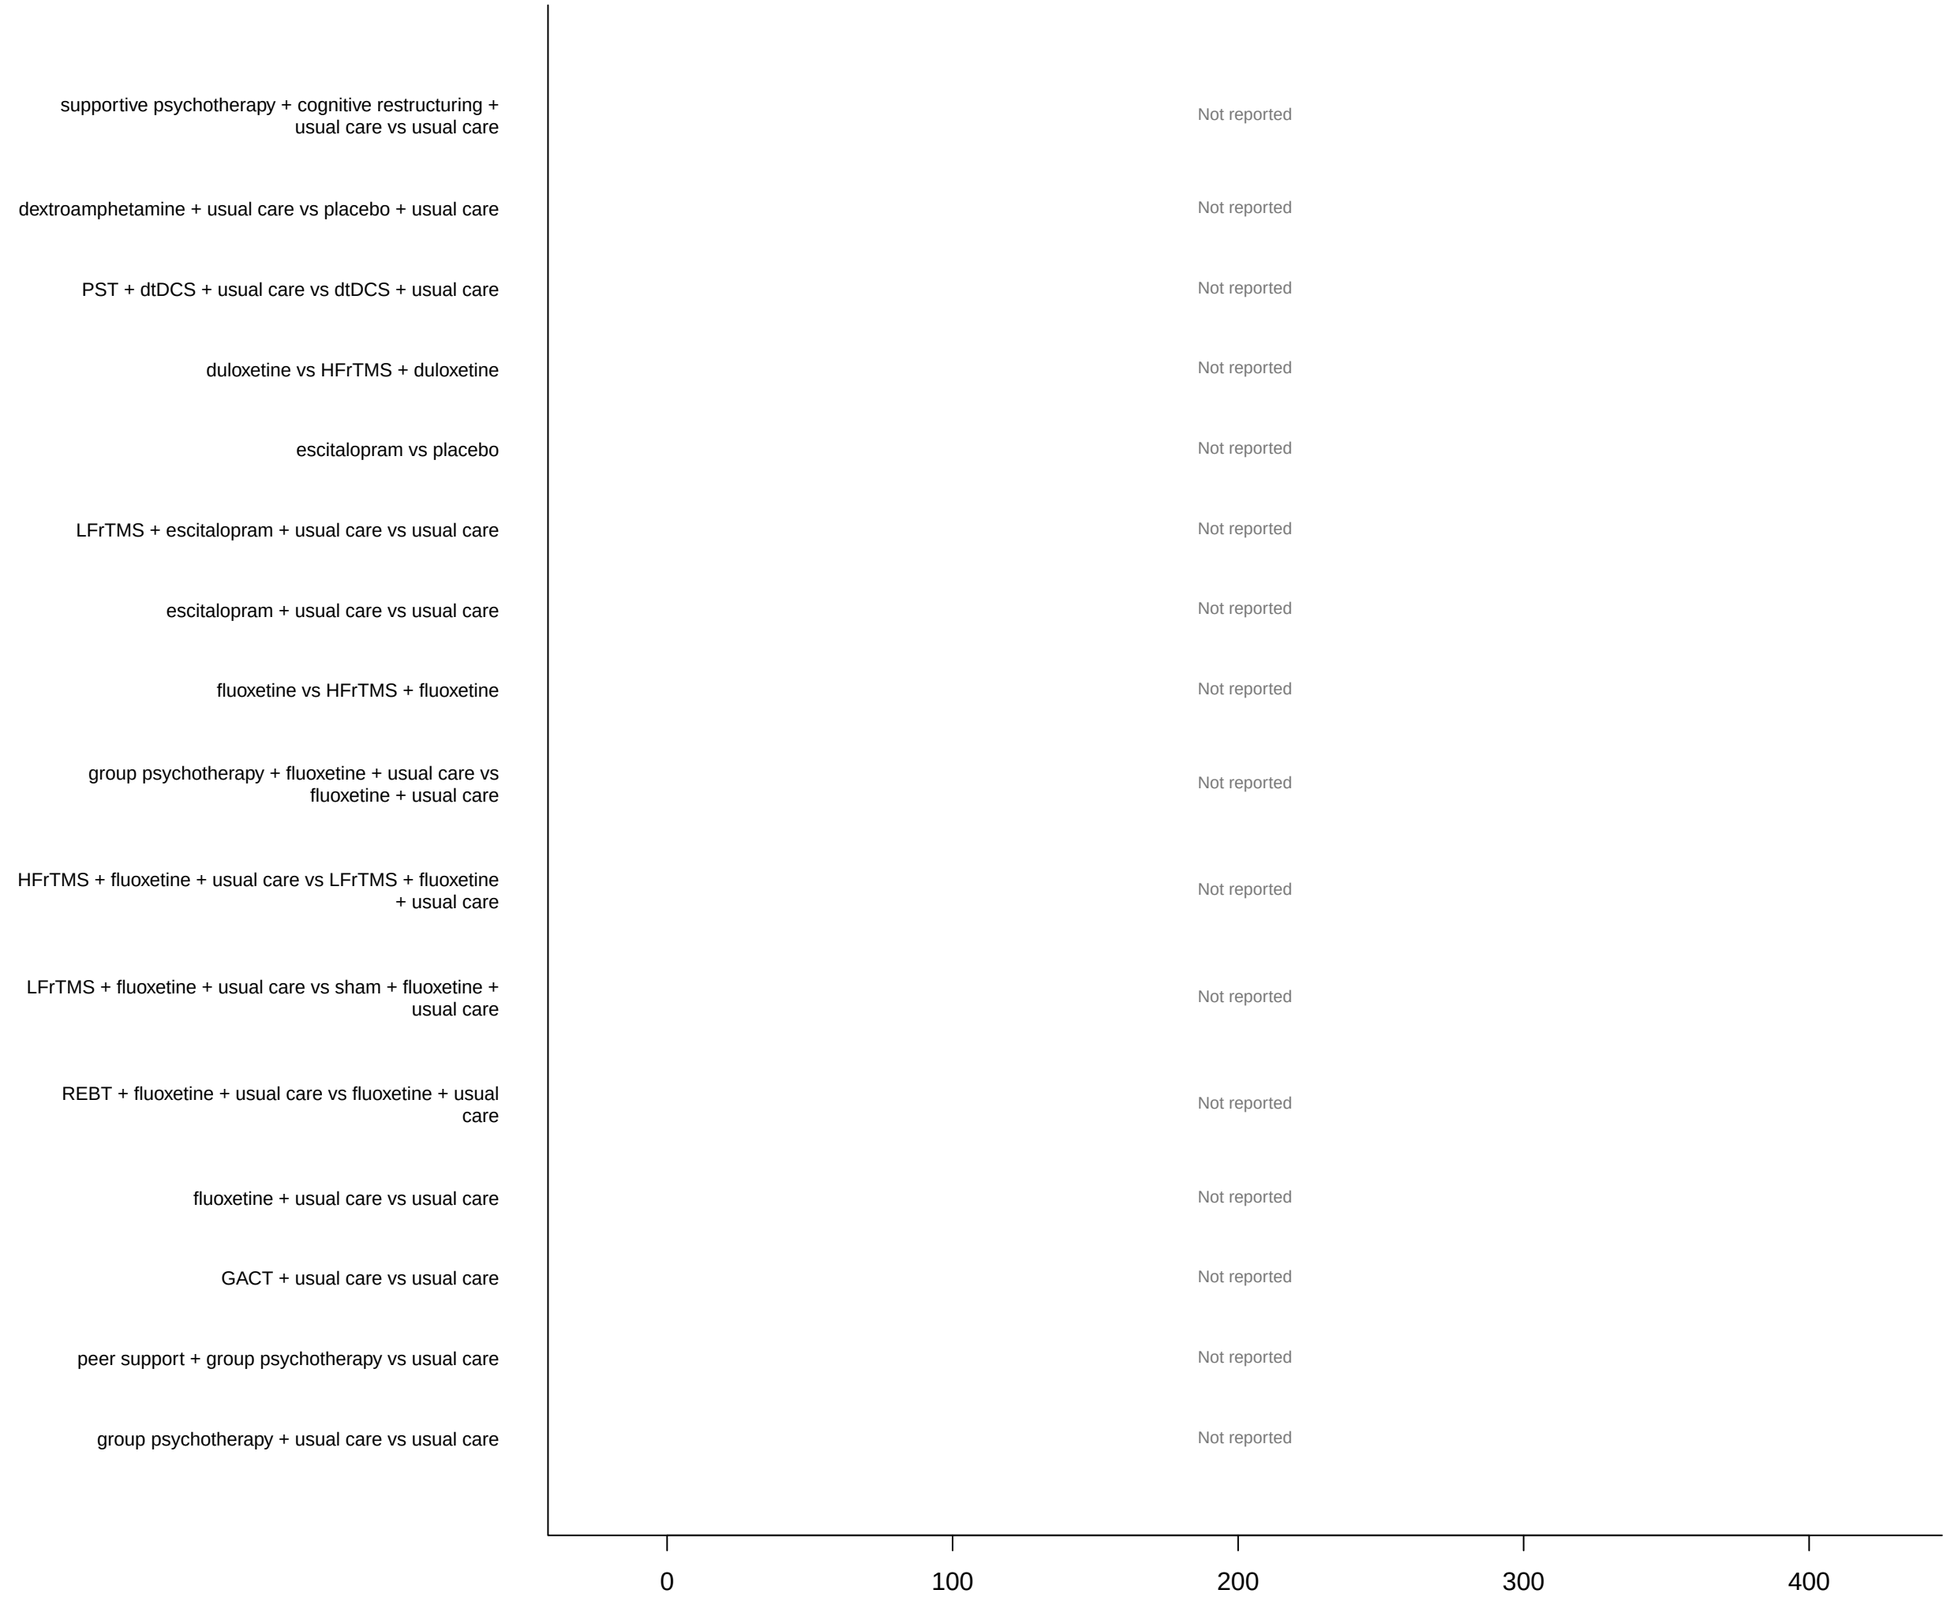
Reported values grouped by comparison; original units retained; no imputation.

Transitivity: mean time since stroke(wk) (11/14)



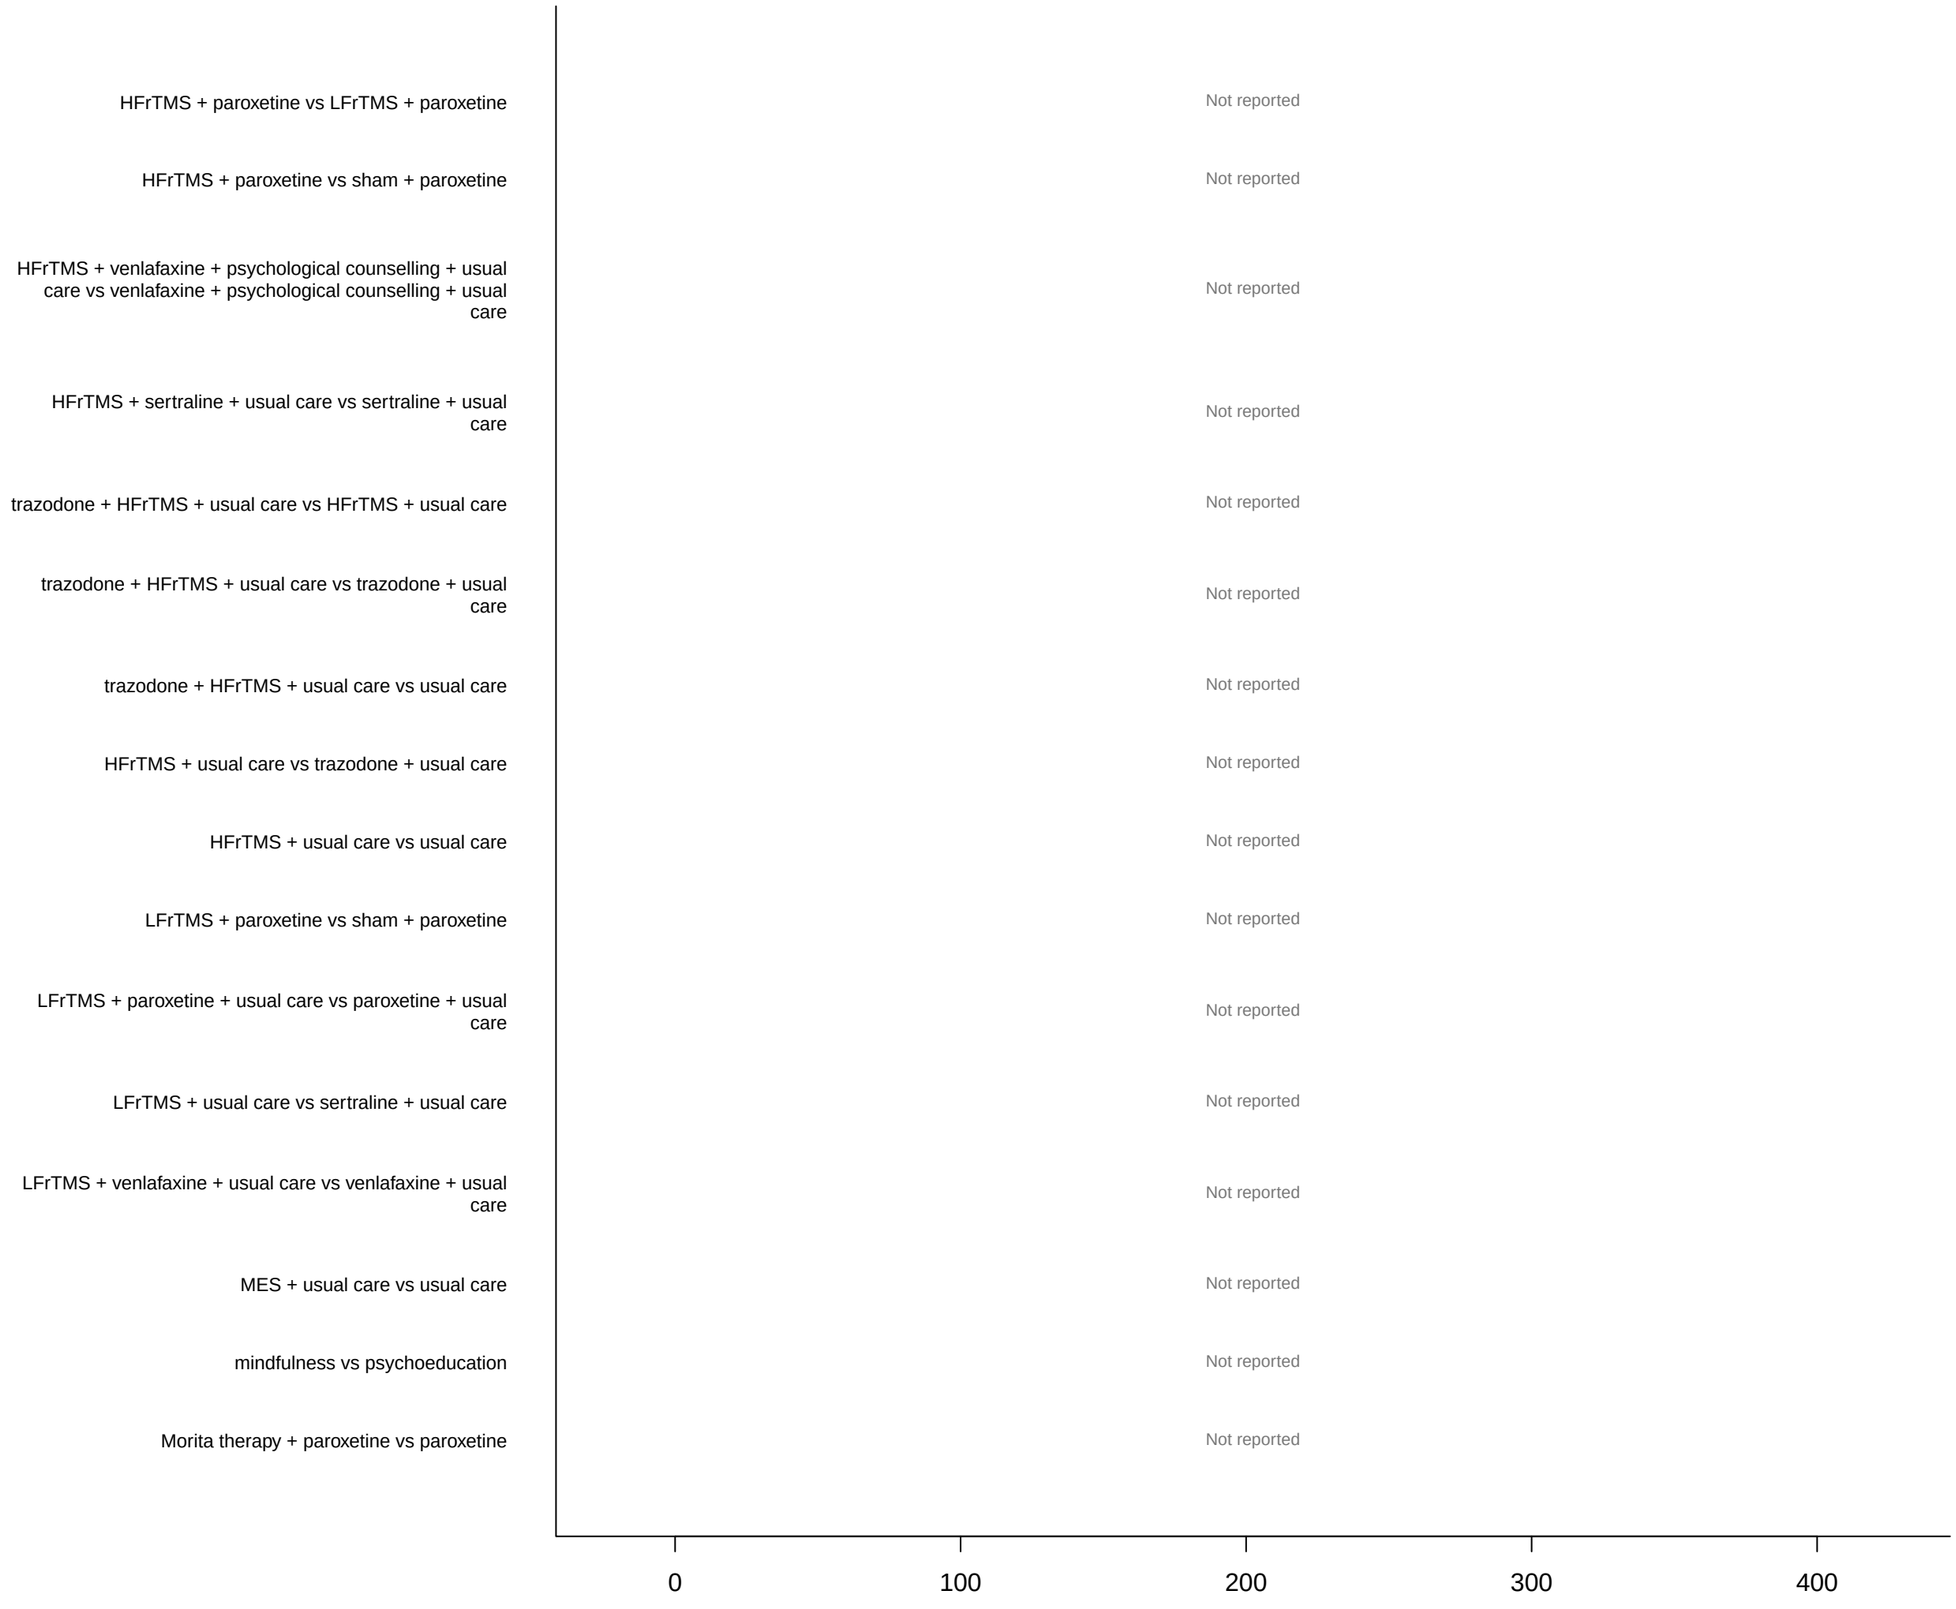
Reported values grouped by comparison; original units retained; no imputation.

Transitivity: mean time since stroke(wk) (12/14)



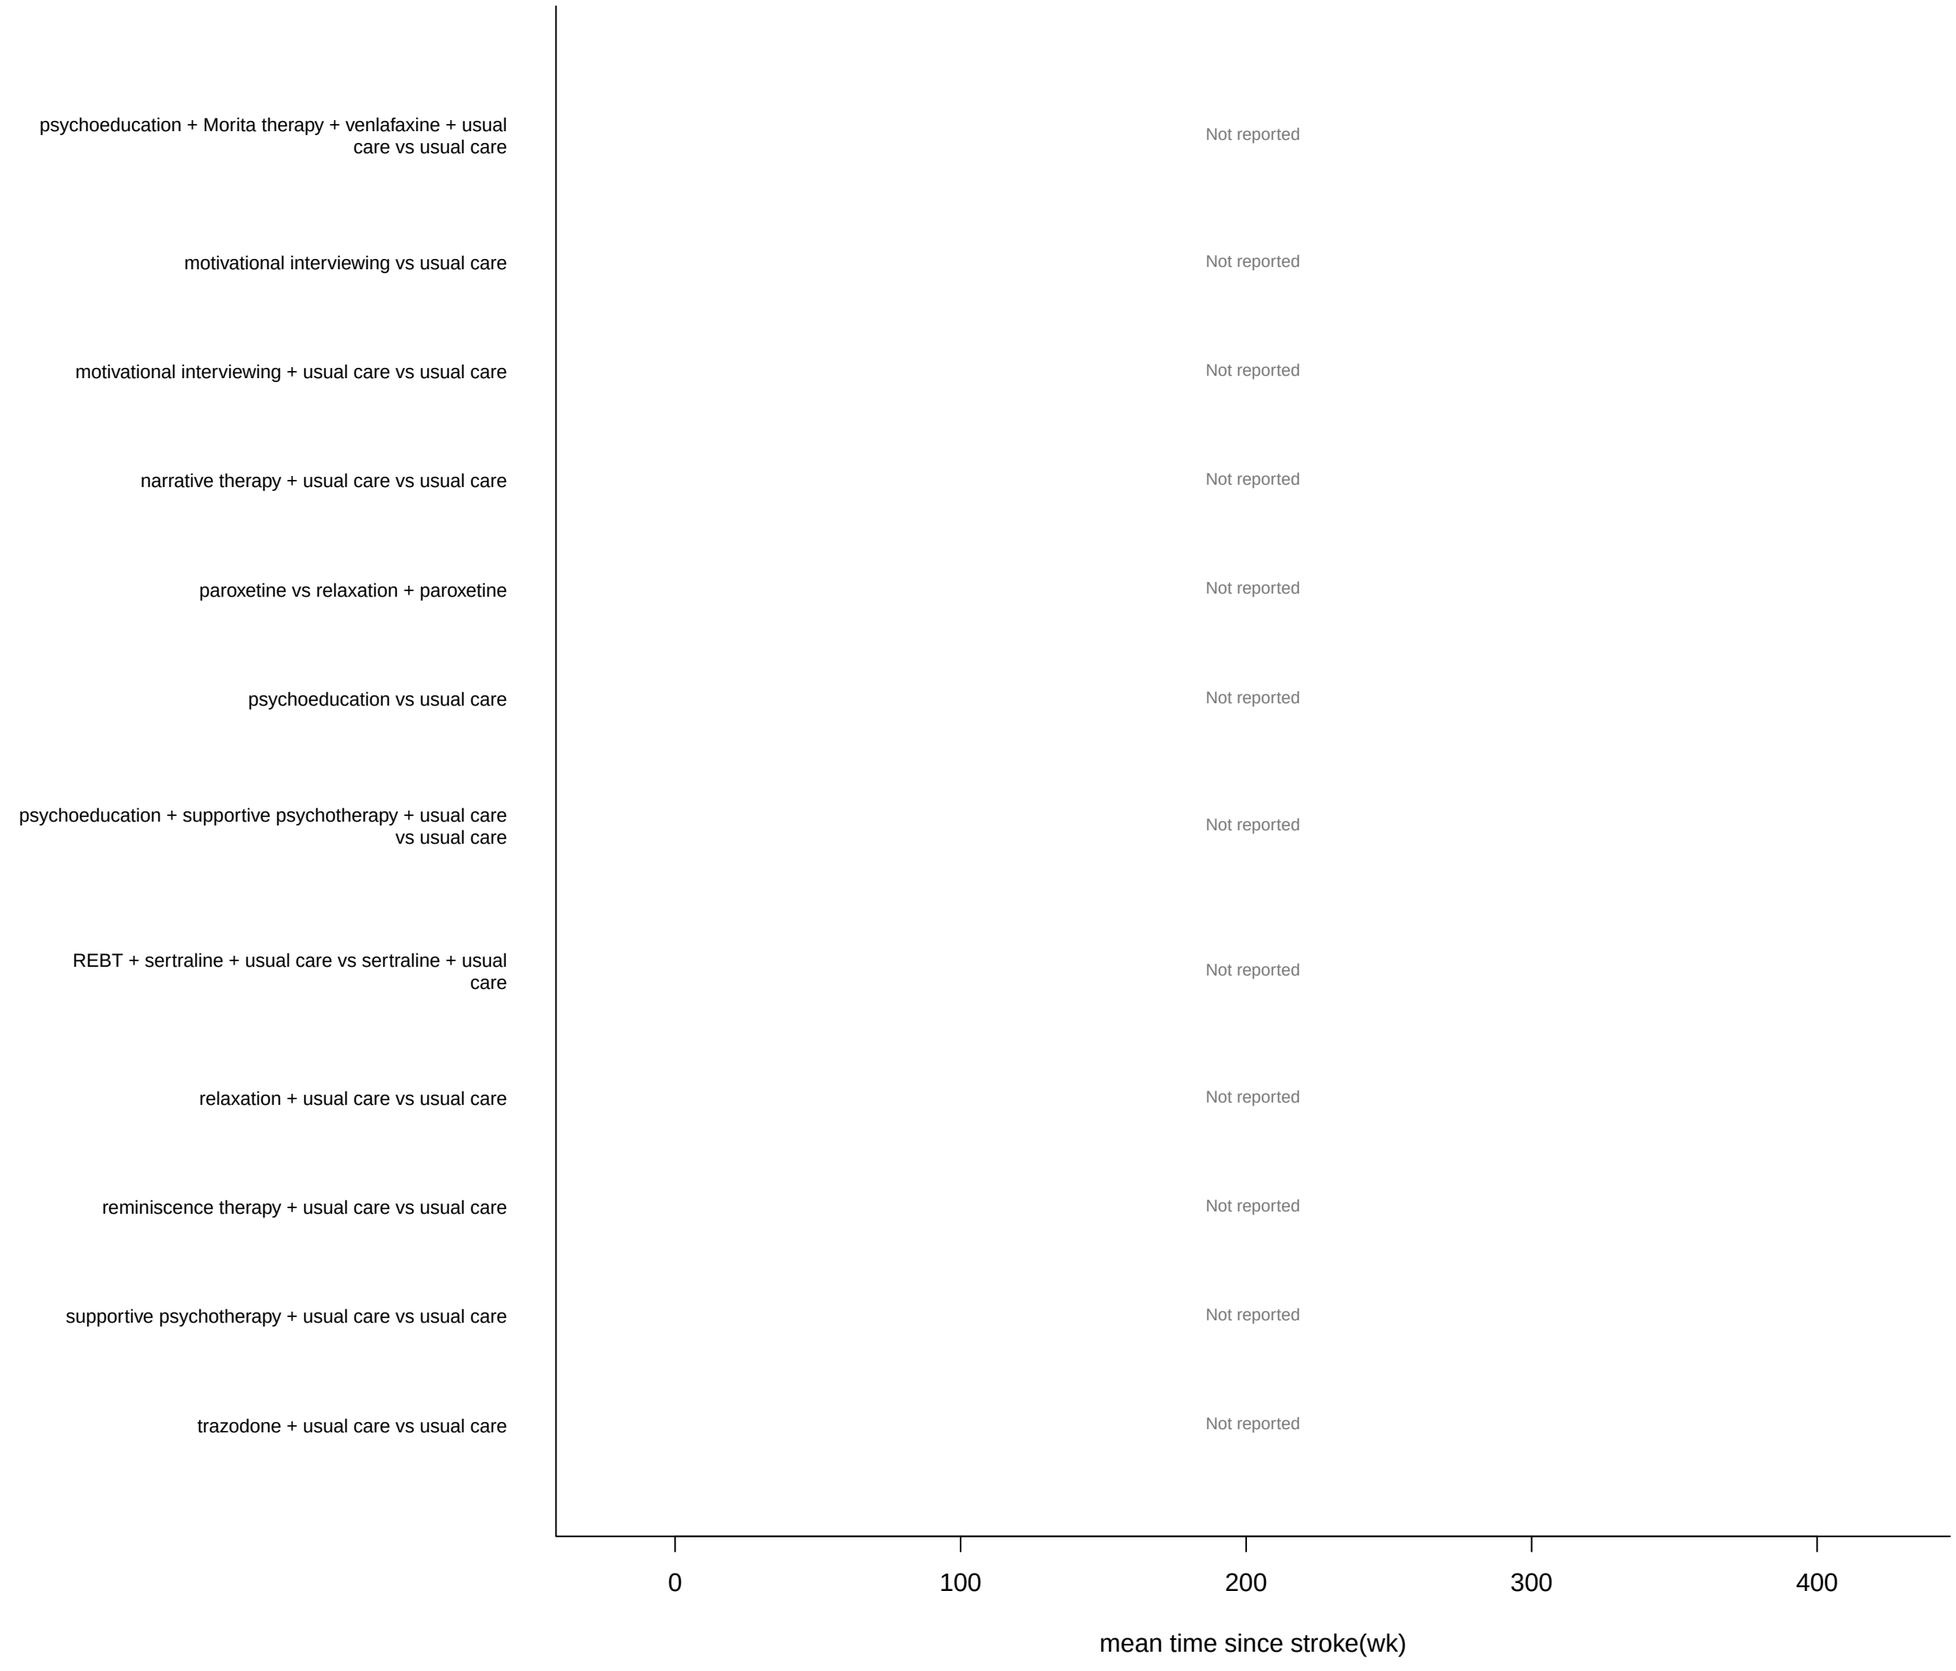
Reported values grouped by comparison; original units retained; no imputation.

Transitivity: mean time since stroke(wk) (13/14)



Reported values grouped by comparison; original units retained; no imputation.

Transitivity: mean time since stroke(wk) (14/14)



Reported values grouped by comparison; original units retained; no imputation.
